

End of year 2011 hitchhike analysis

With another man also hitchhiking! His partner with him took the photo

The graph shows the distances I traveled over the past 7 years in Japan by hitchhiking.

Since I've been keeping records from August 2003, the grand total of distance traveled is 124,321 kilometers in 2338 vehicles. As you can see, I traveled a bit further this year than last. But the prognosis for 2012 will probably be less traveling. I have more work locally.
