If we were merely dealing with the law of averages, half of the events affecting our nation's well-being should be good for America.

# Plandemic – Dr. Judy Mikovits Interview Exposing Corruption in the Academic Community

This article is the text from a YouTube that is now banned. It was entitled,

## **Plandemic The Movie – What you're not being told about Dr. Fauci – Dr. Judy Mikovits, PhD Interview**

I extracted the text with an on-line Youtube text extractor, downloaded the Youtube, and then proofread the text adding punctuation, formatting, paragraph breaks, capitalization, and correcting words and spelling. I'm sure it's not perfect but it's certainly more than good enough for you to understand clearly Dr. Mikovits' message. If you find any errors, I will be more than happy to correct them if you tell me about them. You can write in the comment section below the article.

The interviewer, Mikki Willis, is a former model and actor and filmmaker. Willis, a married father of two, has been a filmmaker for two decades and started his own production company in 2001. He has also been a parent-advocate and supporter of many charitable causes.

I found that Bitchute dot com is still hosting the Plandemic video. I figured out how to embed it in this web article. At the time of this post, it's still live. But even if the video is one day removed from Bitchute, as long I am not removed from this life, the text below the video will stay.

**(Mikki Willis:)** Dr. Judy Mikovits has been called one of the most accomplished scientists of her generation. Her 1991 doctoral thesis revolutionized the treatment of HIV/Aids. At the height of her career, Dr. Mikovits published a blockbuster article in the journal, Science. The controversial article sent shockwaves to the scientific community, as it revealed that the common use of animal and human fetal tissues were unleashing devastating plagues of chronic diseases.

For exposing their deadly secrets, the minions of Big Pharma waged war on Dr. Mikovits, destroying her good name, career, and personal life. Now as the fate of nations hangs in the balance, Dr. Mikovits is naming names of those behind the plague of corruption that places all human life in danger.

**(Mikki Willis:)** So you made a discovery that conflicted with the agreed-upon narrative.

**(Dr. Mikovits:)** (Laughs) Correct!

**(Mikki Willis:)** And for that, they did everything in their powers to destroy your life.

**(Dr. Mikovits:)** Correct.

**(Mikki Willis:)** You were arrested.

**(Dr. Mikovits:)** Correct.

**(Mikki Willis:)** And then you were put under a gag order.

**(Dr. Mikovits:)** For five years. if I went on social media, if I said anything at all, they would find new evidence, and put me back in jail. And it was that one of the few times I cried, and it was because I knew there was no evidence the first time. And they when you can unleash that kind of force to force someone into bankruptcy with a perfect credit score, and so that I couldn't bring my 97 witnesses which included the heads, Tony Fauci, you know, Ian Lipkin, the heads of the public health in HHS who would have had to testify that we did absolutely nothing wrong.

**(Mikki Willis:)** And so what did they charge you with?

**(Dr. Mikovits:)** Nothing.

**(Mikki Willis:)** But you were in jail.

**(Dr. Mikovits:)** I was held in jail with no charges. I was called a fugitive from justice, no warrant, literally drug me out of the house. Our neighbors are looking at what's going on here. You know, they search my house without a warrant to literally terrorize my husband for five days. They said if you don't find the notebooks if you don't find the material which was not in my possession but planted in my house.

**(Mikki Willis:)** As if you took intellectual property from the laboratory, is that correct?

**(Dr. Mikovits:)** Yes. It was intended to appear as if I took confidential material, names, and intellectual property from the laboratory. And I could prove beyond a shadow of a doubt that I didn't. Heads of our entire HHS colluded and destroyed my reputation. And the Department of Justice and the FBI sat on it, and kept that case under seal, which means you can't say there's a case or your lawyers are held in contempt of court, so you can't even get a lawyer to defend you. So every single due process right was taken

away from me, and to this day remains the same. I have no constitutional freedoms or rights.

(**Mikki Willis:**) Yet you sit here. I think a lot of people would probably have just taken the retirement out early, laid low, but you have decided to come forth when your gag order has been released to write a book called, Plague of Corruption – Restoring Faith in the Promise of Science, and you are naming names.

(**Dr. Mikovits:**) Absolutely.

(**Mikki Willis:**) Apparently their attempt to silence you has failed. And I have to ask how do you sit here with confidence to call out these great forces and not fear for your life as you leave this building?

(**Dr. Mikovits:**) Because if we don't stop this now we can not only forget our Republic and our freedom but we can forget humanity because we'll be killed by this agenda.

(**Mikki Willis:**) So Anthony Fauci, the man who is heading the pandemic task force was involved in a cover-up?

(**Dr. Mikovits:**) He directed the cover-up. And in fact, everybody else was paid off and paid off big time, millions of dollars in funding from Tony Fauci, Tony Fauci's organization National Institute of Allergy and Infectious Disease. These investigators that committed the fraud continue to this day to be paid big time by the NIAID.

(**Mikki Willis:**) And the whole world is listening to his advice on how to handle this current pandemic. How do we know that what he's saying is what we need to be learning?

(**Dr. Mikovits:**) What he's saying is **absolute propaganda**. And the same kind of propaganda that he's perpetrated to kill millions since 1984.

(**Dr. Anthony Fauci:**) We know from this study quite clearly that there will be a delay in progression significantly greater than for individuals who do not take the drug.

(**Dr. Mikovits:**) It started really when I was 25 years old, it was part of the team that isolated HIV from the saliva and blood of the patients from France where Luc Montagnier had originally isolated the virus. This was a confirmatory study. But Tony Fauci and Robert Gallo were working together then to spin the story in a different way. At that time Dr. Resetti was out of town, and Tony Fauci says, "you know, we understand that you have a paper in press, and we want a copy of it." And I said, "yes there's a paper in press, and it's confidential, and no, I will not give you a copy of it." He started screaming at me! Then he said, "give us the paper right now or you'll be fired for insubordination. And I just said, "I'm sure when Dr. Resetti gets back you can have the conversation."

And so Frank comes back, you know, several weeks later, and is really bullied into giving Fauci the paper. Fauci holds up the publication of the paper for several months while Robert Gallo writes his own paper and takes all the credit, and of course, patents are involved. This delay of the confirmation, you know, literally led to spreading the virus around, you know, killing millions!

(**Lady news announcer:**) Perhaps no one expressed the anguish of AIDS better than New York writer Larry Kramer. But he was even more angry at the federal government and the pharmaceutical industry. One person who felt Kramer's fury was NIH Dr. Anthony Fauci.

(**Dr. Mikovits:**) It has still been crushing to me to think that I didn't know my work in 1999 was something that had been avoided from 83 and 82 when the virus was isolated. The virus didn't have to wait until 84 to be confirmed. Think of how many people the entire continent of Africa, you know, lost the

generation as that virus was spread through because of the arrogance of a group of people, and it includes Robert Redfield who's now the head of the CDC, right along with Tony Fauci. They were working together to take credit and make money, and they had the patents on it and tailored them to I02 therapy which was absolutely the wrong therapy. And had that not happened, millions wouldn't have died from HIV.

(**Mikki Willis:**) How can a man who's giving, any person who's giving global advice for health, own a patent in the solution in the vaccine? Isn't that a conflict of interest, or shouldn't it be?

(**Dr. Mikovits:**) It is a conflict of interest. And in fact, this is one of the things that I've been saying and would like to say to President Trump, repeal the Bayh-Dole Act. (Bayh-Dole Act or Patent and Trademark Law Amendments Act (Pub. L. 96-517, December 12, 1980) is United States legislation dealing with inventions arising from federal government-funded research.

(**From TV excerpt:**) Bayh-Dole fundamentally changed the way universities approach technology transfer, and you can see that best in the statistics. Universities obtained 16 times as many patents today as they did in 1980. Now everybody's getting more patents but still, universities' share of all patents in the United States is more than five times greater than it was before Bayh-Dole. The situation has gotten so bad that one information technology industry official has publicly referred to universities as "crack addicts" driven by "small-minded tech transfer offices addicted to patents royalties".

(**Dr. Mikovits:**) That Act gave government workers the right to patent their discoveries, so to claim intellectual property for discoveries that the taxpayer paid for. Ever since that happened in the early eighties **it destroyed science**. And **this allowed the development of those conflicts of interests**. And this is the crime behind letting somebody like Bill Gates with billions of dollars – nobody elected him – he has no medical background, he has no expertise, but we let people like that have a voice in this country while we destroy the lives of millions of people.

(**Bill Gates:**) Normalcy only returns when we've largely vaccinated the entire global population.

(**Mikki Willis:**) If we activate mandatory vaccines globally, I imagine these people stand to make hundreds of billions of dollars that own the vaccines.

(**Dr. Mikovits:**) And **they'll kill millions** as they already have with their vaccines. There is no vaccine currently on the schedule for any RNA virus that works.

(**Mikki Willis:**) So I have to ask you, are you anti-vaccine?

(**Dr. Mikovits:**) Oh absolutely not! I'm, in fact, vaccine is immune therapy just like interferon-alpha is immune therapy. So I'm not anti-vaccine. My job is to develop immune therapies, that's what vaccines are.

(**Mikki Willis:**) Do you believe that this virus was created in a laboratory?

**(Dr. Mikovits:)** I wouldn't use the word created, but you can't say naturally-occurring if it was by way of the laboratory. So it's very clear this virus was manipulated, this family of viruses was manipulated and studied in a laboratory where the animals were taken into the laboratory and this is what was released whether deliberate or not. That cannot be naturally-occurring. Somebody didn't go to a market, get a bat, the virus didn't jump directly to humans. That's not how it works. That's accelerated viral evolution. If it was a natural occurrence, it would take it up to 800 years to occur. This occurred from SARS one within a decade. That's not naturally occurring.

**(Mikki Willis:)** And you have any ideas of where this occurred?

**(Dr. Mikovits:)** Oh yeah. I'm sure it occurred between the North Carolina laboratories, Fort Detrick US Army Research Institute of infectious disease and the Wuhan laboratory.

**(TV announcer:)** 3.7 million dollars flowed from the National Institutes of Health here in the U.S. to the Wuhan lab in China, the same lab where many people have said that this corona virus infection first originated. We also now know that NI-AID, the department associated with the National Institutes of Health, of which Dr. Anthony Fauci is in control, had already been conducting experiments with the Wuhan lab in the past in regard to corona virus. If Dr. Anthony Falci cannot be honest with the public about his connection to this lab, then Fauci has to go.

**(Dr. Mikovits:)** In 1999 I was working in Fort Detrick, and my job was to teach Ebola how to infect human cells without killing them. Ebola couldn't infect human cells until we took it in the laboratories!

**(Mikki Willis:)** It's hard to ignore the death tolls. People have been dying and they are dying from this in quite alarming numbers. How do you reconcile that?

**(Dr. Mikovits:)** It's pretty easy when you see for me when you see what the government has done and that is that they took, quoting Dr. Birx: "We've taken a very liberal approach to mortality." *(Meaning, Dr. Birx's doesn't care how many people will die? May the reader interpret what she said.)*

If my husband were to die who has COPD, his lungs have fibrosis, his lungs would look exactly like somebody with COVID-19 theoretically, but he has no evidence of infection. So if you're not testing, and you don't have evidence of infection, and if you walked in there today, you know, they call it COVID-19. And we hear this from the doctors and nurses who are upset.

**(Mikki Willis:)** I've seen so many doctors online that have made their own web cam videos just perplexed by the protocol that the CDC had given them.

**(Doctor:)** Well, last Friday I received a seven-page document that sort of told me that if I had an 86 year old patient that had pneumonia but was never tested for COVID-19, but sometime after she came down with pneumonia, we learned that she had been exposed to her son who had no symptoms, but later on was identified with COVID-19, that it would be appropriate to diagnose on

the death certificate COVID-19.

**(Doctor:)** When I'm writing up my death report I'm being pressured to add COVID. Why is that? Why are we being pressured to add COVID? To maybe increase the numbers and make it look a little bit worse than it is? I think so.

**(TV interviewer to a doctor:)** Why would they want to skew the number of deaths due to COVID-19?

**(Doctor:)** Well, fear is a great way to control people, and sometimes people this ability to think for themselves is paralyzed if they're frightened enough. And that's not what I want people to be. I want people to say we're gonna get through this. I'm gonna use my head. I'm gonna go to different sources. I'm gonna listen to different sources. And I'm gonna think for myself because that's what America is about.

**(Dr. Brix:)** If someone dies with COVID-19 we are counting that as a COVID-19 death.

**(Dr. Mikovits:)** You don't die with an infection. You die from an infection.

**(Mikki Willis:)** I've talked with doctors who have admitted that they are being incentivized to list patients that are sick or have died with COVID-19.

**(Dr. Mikovits:)** Yeah, \$13,000 for Medicare if you call it COVID-19.

**(TV announcer:)** Right now Medicare is determined that if you have a COVID-19 admission to the hospital, you'll get paid \$13,000. if that COVID-19 patient goes on a ventilator, you get thirty nine thousand dollars, three times as much.

**(Dr. Mikovits:)** And you've killed them with the ventilator because you gave them the wrong treatment.

**(A doctor on video:)** All the things that just don't make sense, the patients I'm seeing in front of me, the lungs I'm trying to improve, have led me to believe that we are operating under a medical paradigm that is untrue. and I fear that this misguided treatment will lead to a tremendous amount of harm to a great number of people in a very short time.

**(Mikki Willis:)** My next question is about Italy. I want to know why Italy was hit so hard.

**(Dr. Mikovits:)** Italy has a very old population. They're very sick with inflammatory disorders they got at the beginning of 2019, an untested new form of influenza vaccine that had four different strains of influenza including the highly pathogenic H1N1. That vaccine was grown in a cell line, a dog cell line, dogs have lots of coronaviruses, and that's why they're not testing there. You could just say, "oh it was that!"

**(News announcer:)** As the country begins emerging from the worst of the corona virus epidemic one question remains. What happened to all the

hydroxychloroquine?

(**A doctor:**) We know that hydroxychloroquine and zinc are working great for patients. And then Fauci comes out and says “there’s no double-blind control placebo study” which, by the way, Dr. Fauci, is there going to be a double-blind control placebo study of *your vaccine*? Is there?

(**News announcer:**) In a survey polling nearly 2,300 doctors in some 30 countries hydroxychloroquine was ranked as the most effective medication to treat the virus.

(**Dr. Mikovits:**) The AMA was saying you know doctors will lose their license if they use hydroxychloroquine, the anti-malarial drug that’s been on the list of essential medicine worldwide for 70 years! Dr. Fauci calls that anecdotal data! It’s not storytelling if we have thousands of pages of data saying it’s effective against these families of viruses! This is essential medicine, and they keep it from the people, not only now, but back in autism with our discovery, there was an old antiviral drug hundred-year-old drug called seromon on the WHO list of essential medicine. You literally gave kids with autism a voice, a life. What did Bayer and Monsanto do? They took it away from everybody! You couldn’t get it to save your life right now. We tried, believe me, every way we could. So when you take away a medicine, and not just the WHO, the FDA, the CDC, Tony Fauci, close everything. **Just end it all and we’ve got a healthy world again**, and we got tons of money because we can take all that money they’re making on their patents and we can give it to the victims of this plague of corruption.

(**Mikki Willis:**) Is it safe to say that anything that cannot be patented has been shut down intentionally because there’s no way to profit from it? – All these natural remedies that we have had forever.

(**Dr. Mikovits:**) Absolutely. That’s fair to say. And that’s exactly what’s going on in COVID-19. **The game is to prevent the therapies until everyone is infected and push the vaccines knowing that the flu vaccines increase the odds by 36 percent of getting COVID-19!**

(**Mikki Willis:**) Where does that data come?

(**Dr. Mikovits:**) From a publication last year where the military who had been vaccinated with influenza were more susceptible to corona viruses. Corona viruses are in every animal. So if you’ve ever had a flu vaccine, you were injected with corona viruses. and then to put on a mask ...

(**Doctor:**) This doesn’t make any sense. We wear masks in an acute setting to protect us. We’re not wearing masks. Why is that? Because we understand microbiology, we understand immunology, and we want strong immune systems. Our immune system is used to touching. We share bacteria staphylococcus, staphylococcal bacteria, viruses. We develop an immune response daily to this stuff. When you take that away from me, my immune system drops. As I shelter in place, my immune system drops. You keep me there for months, it drops more. And now I’m at home hand-washing vigorously, washing the counters, worried about things that are indeed what I need to survive.

**(A doctor next to the first doctor:)** You know you're not immunodeficient, and you're not elderly, you should be able to go out without any gloves and without a mask. I think if you are those things you should either set shelter in place or wear a mask and gloves. I don't think everybody needs to wear masks and gloves because **it reduces your bacterial flora**. It doesn't allow you to interact with society and your bacterial flora and your viruses, your friends that protect you from other diseases end up going away, and now you're more likely to get opportunistic infections, infections that are hoping you don't have your good bugs fighting for you if that makes sense.

**(Another doctor:)** And then as we all come out of shelter-in-place with a lower immune system and start trading viruses, bacteria, what do you think is gonna happen? Disease is gonna spike!

**(Another doctor:)** I guarantee when we reopen there's going to be a huge huge amount of illness that's going to be rampant. The building blocks of your immune system is virus and bacteria, end of story.

**(Dr. Mikovits:)** Wearing the mask literally activates your own virus. You're getting sick from your own reactivated corona virus expressions, and if it happens to be SARS-CoV-2, then you've got a big problem.

**(Mikki Willis:)** You're not the first virologist who has told me that we're doing the exact opposite of what we should be doing to contain and to create immunity from this virus.

**(Dr. Mikovits:)** Why would you close the beach? You've got sequences in the soil, in the sand. You've got healing microbes in the ocean in the saltwater. That's insanity! (Thank God the governor of Guam re-opened the beaches!)

**(Mikki Willis:)** These institutions that are polluting our environment and our bodies, there was a time when they actually had to fight their own battles, but they've done such a great job at manipulating the masses, that it's other people shutting down other citizens, and the big tech platforms follow suit, and they shut everything down. There is no dissenting voices allowed anymore in this free country, which is something I never thought I would live to see.

**(Dr. Mikovits:)** Nor would I except what I've experienced since 2011. It's beyond comprehension how a society can be so fooled that the types of propaganda continue to where they're just driving us to hate each other. Hopefully, this is the wake-up call of all America to realize this makes no sense, and we win because it will take down the whole program with information like this. And for me it's the great news that the doctors are waking up and saying "wait a minute!"

**(Doctor:)** You doctors that are watching this and I see a lot of you right here, why are you not getting loud? I'm here to defend you. I'm here to defend my freedoms. I'm here to defend my family's freedoms, my patients rights to choose what to do with their life. I'm just blown away! And I'm blown away why there are not more doctors like me talking about this all over the place. We should be banding together right now! You need to wake up because your liberties are getting taken away from you all because of fake

news is out there. This is wrong! People should be going to jail for this stuff.

**(Dr. Mikovits:)** So it's not the scientists who are in any way dishonest. They're listening to people who for more than 40 years have controlled who gets funded, what gets published, and I'm sorry to say many many people will simply take the money and the fame and that support, things that absolutely aren't true.

**(Mikki Willis:)** What do you say to the medical professionals that are just beginning to get a glimpse of the depth to which they have been misled and steered away from their oath to do no harm?

**(Dr. Mikovits:)** I say forgive yourselves. It's the hardest thing to realize for all of us and is that with all the best intentions we studied we learned what we thought was the truth we had no idea that the data that we were being told was true, was not true. We've been taught now in our schools a very different science, you don't get funded if you don't speak the party line you don't get published. That was probably the hardest thing for me to take, is understanding that scientific journals would twist the discovery that should have healed all.

**(Lady doctor:)** Will the scientific community have the courage to answer the question of whether these diseases might have been of their own creation? Thank you. (Applause)

**(Dr. Mikovits:)** So what we did pretty much ever since I got out of jail, we started an education company. We wake up doctors. And it's very difficult, but every doctor who realized they may have been part of the problem has now turned that around to march toward a better society and restore faith in the promise of medicine. That's all we can do.

**(Mikki Willis:)** Well, Dr. Mikovits, thank you so much for your time it's been a real honor to sit here with you and particularly thank you for your courage.

**(Dr. Mikovits:)** Thank You Mikki, I appreciate it a lot.

**(Dr. Anthony Fauci:)** The idea that we are now a few days away from a new administration, given as you heard from the introduction that I have been around for a while and have had the opportunity of serving in five administrations, I thought I would bring that perspective to the topic today as the issue of pandemic preparedness. And if there's one message that I want to leave with you today is that there is no question that there will be a surprise outbreak. ... The thing that we're extraordinarily confident about is that we are going to see this in the next few years. Thank you. (Applause)

# Rare William Cooper Interview in Text and Audio

Milton William “Bill” Cooper (May 6, 1943 – November 5, 2001) was an American conspiracy researcher, radio broadcaster, and author known for his 1991 book [Behold a Pale Horse](#), in which he warned of multiple global conspiracies.

William Cooper is one of my heroes. I read his book, [Behold a Pale Horse](#). He tried to save America from the evil forces that are taking over the nation. I believe the current government reaction to the pandemic is just one more step by the elite to prepare the world for a one world government.

This YouTube will probably be taken down someday, but the text below will continue on for a while longer. How long? As long as the Internet remains free. And as long as I am alive on earth and can afford to pay the \$210 a year for the hosting and \$20 a year for the domain name.

---

William Cooper

The government encourage the manufacture and importation of military firearms for the criminals to use. This is intended to foster a feeling of insecurity which would lead the American people to voluntarily disarm themselves by passing laws against firearms. Using drugs and hypnosis on mental patients in a process called Orion, the CIA inculcated the desire in these people to open

fire on schoolyards, and thus inflame the anti-gun Lobby. This plan is well underway and so far is working perfectly.

The middle class is begging the government to do away with the Second Amendment. Well it's just one other manifestation of the Nazi Gestapo police state which is taken over this country. What angers me most is the stupidity in the vast herd of American sheeple out there. They think they know something and they don't even know the planet they're on to tell you the truth!

[Behold a Pale Horse](#): Well actually I wrote it over a period of years back beginning in the early 80s and continuing up into about 88. I finished it I believe in 89 and I may have added a couple of things in 90 and then it was published in December of 1990. I have no idea it's been the number one underground bestseller of all time with no advertising whatsoever. And people sell it on the street corners in New York City. Barnes and Noble had to take it off the shelf in their New York City bookstore because it's – by their own admission – it's the most stolen book in their inventory.

Yeah, every prediction that I ever made has come true, except for one. That was only because I had not realized that they had gone as far as they have. And that prediction that I was wrong about was that Manuel Noriega could not be tried in American courts and sentenced to an American prison as he was the head of a sovereign nation and thus had diplomatic immunity, just like anyone he would into our country to represent his country. And of course that certainly proved that no one in the world is safe now in the encroaching New World Order, and they can go after anybody they want to including the President of the United States if they want to! And the Americans don't understand it. They think we can go after somebody, the head of a foreign country, but we're still safe. Well, we're not safe. Nobody's safe anymore.

Well, either Americans are gonna wake up and they're gonna stand up in unison and and take up arms and challenge the federal government to step back within the boundaries of the Constitution, or there's going to be a civil war in this country. The only alternative to that is total enslavement of the entire human race on a global scale, because that's where this is going.

This is all about **a one-world totalitarian socialist government**. It's about destroying all existing nation-states, destroying all existing religions save the religion of those who are bringing this about which is the **secular humanist socialist religion**. The people whose ancestors came to the new world to escape religious persecution in the old world stood and watched the Branch Davidians burn, including all of their children, all of their women. And **they cheered** and said that it was it was because they were a bunch of religious fanatics. I heard Christians say that. I heard Orthodox Jews say that. I heard Baptists say it. I heard Catholics say it. And to their shame, I have to tell them that they are *not* religious moral people! They are stupid ignorant sheeples who are on the verge of enslavement, and they're going to deserve exactly what they get. I have no sympathy for them whatsoever anymore. I used to. I used to cry big alligator tears for them in their ignorance, and I used to do everything I could to wake them up. I've drawn my line in the sand and I'm gonna do what's right by God, and I don't give a

damn who cares or who likes it or who doesn't, **even if it means I have to die on my own my doorstep.** (And that's exactly what happened to him!)

Not only will I not come in, but if the civil war has to start right here, it will. I am NOT a tax fraud or a tax cheat. I pay all legal lawful and constitutional taxes which I am required to pay. I have never defrauded any bank or any person in my entire life. And I will protect my rights with the tools given to me by the Founders in case it should ever come to this. And if the rest of the sheep will want to proceed into the Pens and get sheared, and then continue up the ramp to the slaughter, that's their business. No matter what happens here, I win.

Why do we have to look at the Communists? It's happening right here in the United States. It has been for quite some time. The only ones that have reached the public eye are the Weaver family and the Branch Davidians in Waco Texas. But it's happened on a large scale all across this country in every state. It usually is contained at the local level.

And one of the indications that you will know that I'm right is that you haven't seen what's happening here on any of the major news networks and you're not going to. Because I've taken a stance documented in the law. I posted it on my web page. I have stated that I am a portion of the unorganized militia of the state of Arizona in the United States of America for many years. And that my stance is well grounded. I'm right, I have a right to do what I'm doing. And anybody that comes up here and tries to encroach upon my rights, or take away the protection of the Constitution from me and my family, is going to get a bullet.

But the truth is, the policeman came right out of the community where the sheeple live. Why would anybody think that they're going to be any smarter than the rest of the animals out there? Well it's absolutely true. He is a big exception. There are only about three sheriffs in the entire country who know what their authority is, and have they have the guts to take a stand. This is the only Police Chief that I've ever heard of who's taken the proper stand.

So if you want to know if they're going to go along with it, yeah they'll go along with it to get their little paycheck. See they sold their country out for what \$20,000 a year? \$30,000 a year? That's pretty cheap isn't it? And maybe they'll get a retirement check in 20 or 30 years. Then they sold their whole country out. They sold their children's futures. They sold their grandchildren's future and a great grandchildren whom they haven't even seen yet.

Well in the first place you're wrong in your premise. They don't think at all. That's why commercials are 30 seconds long. That is the attention span of the average American sheeple. They can't think beyond 30 seconds. That's why no American company, or business, or group, plans ahead for about two or three months. And that's why we're getting beat by the Marxist socialist communists because they have five-year plans, ten-year plans, 15 year plans, twenty five-year plans, and fifty year plans. And they stick with them.

Either the American people are going to become slaves within just a few years, and it's going to be an enslavement like nobody can even dream of, and it's going to extend worldwide, and we're the only people that can stop it, because we're the only people in the world still who have the capability and the arms to be able to stop it. Or, there's going to be a civil war which will last between five and 15 years to restore constitutional Republican government and freedom and liberty worldwide.

I don't want it to happen either ever since I saw the plan back in 1971 and 72 when I was on the intelligence briefing team for (unintelligible, it sounds like "sink back suite") to bring about one-world totalitarian socialist government. And when I saw that the United States was behind the whole thing ... this is not coming from without! The United States created the United Nations, States, created the European Union that has just been formed, aces acting as the world's police force right next with his headquarters in Washington DC, stated and evolved policy of the United States government to create world government over the ashes of all sovereign nations and existing religions around this world. When I saw that plan while I was in the Office of Naval Intelligence on the intelligence briefing team, the commander in chief the Pacific Fleet. It's what Behold a Pale Horse is all about! (Laughs) That's what's in that book.

### **My opinion of William's Cooper's stance on the use of firearms**

For the record, I do not subscribe for an individual citizen acting alone (as William Cooper did the day he was killed), without the support and presence of the local authorities, to draw a firearm against federal authorities! Remember Waco. It's my hope that citizens as a group supported by **local state / county / city government including the local police force** would oppose the federal government in the case of blatant violations of the Constitution, including a show of force with firearms if the situation requires it, and especially if the public was in danger by said action of federal authorities. A show of force is a deterrent. Force is the only thing a tyrannical totalitarian regime understands. God forbid it should ever come to that.

# Scenario Narratives

## LOCK STEP

**A world of tighter top-down government control and more authoritarian leadership, with limited innovation and growing citizen pushback**

# Lock Step

In 2012, the pandemic that the world had been anticipating for years finally hit. Unlike 2009's H1N1, this new influenza strain – originating from wild geese – was extremely virulent and deadly. Even the most pandemic-prepared nations were quickly overwhelmed when the virus streaked around the world, infecting nearly 20 percent of the global population and killing 8 million in just seven months, the majority of them healthy young adults. The pandemic also had a **deadly effect on economies**: international mobility of both people and goods screeched to a halt, **debilitating industries like tourism** and breaking global supply chains. Even **locally, normally bustling shops and office buildings sat empty for months, devoid of both employees and customers.**

**The pandemic blanketed the planet** – though disproportionate numbers died in Africa, Southeast Asia, and Central America, where the virus spread like wildfire in the absence of official containment protocols. But even in developed countries, containment was a challenge. The United States's initial policy of "strongly discouraging" citizens from flying proved deadly in its leniency, accelerating the spread of the virus not just within the U.S. but across borders. However, a few countries did fare better – China in particular. The Chinese government's quick imposition and enforcement of mandatory quarantine for all citizens, as well as its instant and near-hermetic sealing off of all borders, saved millions of lives, stopping the spread of the virus far earlier than in other countries and enabling a swifter post- pandemic recovery.

**China's government** was not the only one that **took extreme measures** to protect its citizens from risk and exposure. During the pandemic, **national leaders around the world flexed their authority** and imposed airtight rules and restrictions, from the **mandatory wearing of face masks** to body-temperature checks at the entries to communal spaces like train stations and supermarkets. **Even after the pandemic faded, this more authoritarian control and oversight of citizens and their activities stuck and even intensified.** In

order to protect themselves from the spread of increasingly global problems – from pandemics and transnational terrorism to environmental crises and rising poverty – leaders around the world took a firmer grip on power.

At first, the notion of a more controlled world gained wide acceptance and approval. **Citizens willingly gave up some of their sovereignty – and their privacy – to more paternalistic states in exchange for greater safety and stability.** Citizens were more tolerant, and even eager, for top-down direction and oversight, and **national leaders had more latitude to impose order in the ways they saw fit.** In developed countries, this heightened oversight took many forms: biometric IDs for all citizens, for example, and tighter regulation of key industries whose stability was deemed vital to national interests. In many developed countries, enforced cooperation with a suite of new regulations and agreements slowly but steadily restored both order and, importantly, economic growth.

Across the developing world, however, the story was different – and much more variable. Top-down authority took different forms in different countries, hinging largely on the capacity, caliber, and intentions of their leaders. In countries with strong and thoughtful leaders, citizens' overall economic status and quality of life increased. In India, for example, air quality drastically improved after 2016, when the government outlawed high-emitting vehicles. In Ghana, the introduction of ambitious government programs to improve basic infrastructure and ensure the availability of clean water for all her people led to a sharp decline in water-borne diseases. But more authoritarian leadership worked less well – and in some cases tragically – in countries run by irresponsible elites who used their increased power to pursue their own interests at the expense of their citizens.

There were other downsides, as the rise of virulent nationalism created new hazards: spectators at the 2018 World Cup, for example, wore bulletproof vests that sported a patch of their national flag. Strong technology regulations stifled innovation, kept costs high, and curbed adoption. In the developing world, access to “approved” technologies increased but beyond that remained limited: the locus of technology innovation was largely in the developed world, leaving many developing countries on the receiving end of technologies that others consider “best” for them. Some governments found this patronizing and refused to distribute computers and other technologies that they scoffed at as “second hand.” Meanwhile, developing countries with more resources and better capacity began to innovate internally to fill these gaps on their own.

Meanwhile, in the developed world, the presence of so many top-down rules and norms greatly inhibited entrepreneurial activity. Scientists and innovators were often told by governments what research lines to pursue and were guided mostly toward projects that would make money (e.g., market-driven product development) or were “sure bets” (e.g., fundamental research), leaving more risky or innovative research areas largely untapped. Well-off countries and monopolistic companies with big research and development budgets still made significant advances, but the IP behind their breakthroughs remained locked behind strict national or corporate protection. Russia and India imposed stringent domestic standards for supervising and certifying encryption-

related products and their suppliers – a category that in reality meant all IT innovations. The U.S. and EU struck back with retaliatory national standards, throwing a wrench in the development and diffusion of technology globally.

Especially in the developing world, acting in one's national self-interest often meant seeking practical alliances that fit with those interests – whether it was gaining access to needed resources or banding together in order to achieve economic growth. In South America and Africa, regional and sub-regional alliances became more structured. Kenya doubled its trade with southern and eastern Africa, as new partnerships grew within the continent. China's investment in Africa expanded as the bargain of new jobs and infrastructure in exchange for access to key minerals or food exports proved agreeable to many governments. Cross-border ties proliferated in the form of official security aid. While the deployment of foreign security teams was welcomed in some of the most dire failed states, one-size-fits-all solutions yielded few positive results.

By 2025, people seemed to be growing weary of so much top-down control and letting leaders and authorities make choices for them. Wherever national interests clashed with individual interests, there was conflict. Sporadic pushback became increasingly organized and coordinated, as disaffected youth and people who had seen their status and opportunities slip away – largely in developing countries – incited civil unrest. In 2026, protestors in Nigeria brought down the government, fed up with the entrenched cronyism and corruption. Even those who liked the greater stability and predictability of this world began to grow uncomfortable and constrained by so many tight rules and by the strictness of national boundaries. The feeling lingered that sooner or later, something would inevitably upset the neat order that the world's governments had worked so hard to establish. •

## Vatican Interference in U.S. Presidential Elections?

The Roman whore that  
rides the Beast.

The story below is from one of the suppressed books by the Jesuit Order, *The Enemies of America Unmasked* by J. Wayne Laurens. It was published in Philadelphia by G. D. Miller in 1855. If you know anything about the power of the Roman Catholic Church and its army known as the Jesuit Order, I think you should find it believable, or at the very least, quite interesting. I sure do. I was raised in the Catholic Church.

An American gentleman was passenger on board a merchant ship, bound from London to Rio de Janeiro. There were among the passengers Englishmen, Germans, Frenchmen, Spaniards, and Portuguese; but the person we refer to was the only American. Between himself and the English gentlemen, there were frequent discussions about politics, to which such of the other passengers, as could speak English, would listen, sometimes taking a part. Of course, our American was a great friend to the institutions of his own country; and defended republican forms of government, freedom of the speech and of the press, the vote by ballot, and all the other elements of popular sovereignty through thick and thin. Assailed on every side, he found his office of champion of freedom no sinecure. (Editor's note: If "sinecure" means a position the requires little or no work, "no sinecure" must mean a lot of work!) Every calm morning and every pleasant evening witnessed a new controversy on the deck or in the cabin; but he manfully held his ground against a host of adversaries; and being fluent in speech, strong in argument, skilled in logic, and full of lively and sarcastic humor, he generally came out of the debate with honor, taking care always to terminate the action at precisely the right moment, and to quit the field with flying colors.

Among the persons who listened with the greatest attention to these debates, was a lean bilious looking old Frenchman, who always took care to be present, and who showed by his look and manner, that he was deeply interested in politics, although he never by any chance uttered an opinion or made a remark on political subjects, in the general circle of the passengers.

In point of fact, this man was a Roman Catholic priest, a Jesuit of high standing, who was going to some station in South America, in obedience to an order from his superior. He was a cosmopolite indeed. Though not much past the middle point of life, he was rather aged in appearance, in consequence of the great variety and extent of the missions which he had performed in all quarters of the world, and in every kind of climate. From Canada to Calcutta; from the breezy heights of the Andes to the unwholesome marshes of Java, by sea and by land, in season and out of season, this man had journeyed on the secret errands of his Order. Speaking fluently a dozen different languages, and possessing the most perfect power of dissimulation, as well as the most thorough devotedness to the Church, and those carefully trained habits of obedience, which are so essential to the character of an able and faithful Jesuit, he had at length become one of the most accomplished men of his age.

As he listened to the conversation of the American passenger, he could not help noticing that he was gradually making converts to republican views. Many of these passengers, he observed, sought private interviews with the American; and by careful eavesdropping, he ascertained that their object was to ask questions about his country, and gain information respecting the actual working of the American attempt at self-government. When the passage was nearly over, the Frenchman happening to be alone with the American, in a retired part of the deck, where their conversation could not be overheard, commenced a quiet chat with him. Addressing him in English, which he spoke with ease and precision, he thanked him for apparent cordiality, for the entertainment he had derived from his conversation or rather eloquent

haranguing to the other passengers, during the voyage. He professed to have enjoyed their debates very greatly; and gave the American due credit for his wit, his logic, his humor, his address, and his unbounded good nature.

The American was much pleased at his compliments; for he had conceived a great respect for this silent and attentive auditor; and, in fact, had, in his own secret mind, set him down as a hopeful convert to Americanism; he thanked him, therefore, with much feeling, for his good opinion; at the same time disclaiming any merit, for success in defending a truth so self-evident, as that which is expressed in these few words – that a nation ought to govern itself, and that by the popular vote of its own citizens.

“This,” said the Jesuit, with a quiet smile, “you suppose to be the system of your own country?”

“I do not suppose it,” said the American, “I *know* it.”

“Now,” said the Jesuit, “listen to me a few moments and I will tell you what *I know*. **Your president is elected by the conclave of cardinals at Rome**, the same who elect the Pope. Your people nominate the candidates. Our confidential agents select from the number, the one whom they believe to be the most favorable to the interests of the Church. His name with those of the other candidates is reported to the cardinals and the Pope. When their decision is announced to the confidential friends of the pope and the cardinals, in the United States, they send forth their order through the priests; and the whole Roman Catholic vote is thrown for the candidate who is favored by the Church. He of course is always elected. **Your parties are so equally divided on politics, that this Roman Catholic vote, which is cast on purely religious considerations, is always sufficient to turn the scale.**”

The American looked rather blank at this announcement. He was quite taken aback. Especially was he staggered by the recollection that the candidate for the presidency, who was sustained by the Irish and German votes, was generally successful. He courteously thanked the Jesuit for the valuable information which he had communicated; and during the short remainder of the voyage, he abstained from talking politics and give himself up to reflection.

## Is the Earth a “Spinning” Ball?

What's wrong with this meme? Is the earth revolving at such a rate as to spin off the oceans into space?

Flat-Earthers back up their claims that the earth is flat by saying that accepted science calls the earth a “spinning” ball. To say the earth is *spinning* is misleading in my opinion. I think it's a mind manipulation technique to use that word, because it implies the earth is revolving quickly on its axis. It's not.

Dictionary result for spin

verb: spin; 3rd person present: spins; past tense: spun; past participle: spun; past tense: span; past participle: span; gerund or present participle: spinning

1. turn or cause to turn or whirl around **quickly**.  
“the girl spun around in alarm”

If you spin a top and it will turn several revolutions per second. If you turn it one revolution per second, would you say you caused it to spin?

How about one revolution per minute?

How about one revolution per hour?

How about one revolution per 24 hours?

Would you call an object that moves *half the speed of the hour hand* of an analog clock, “spinning”? Our planet earth is revolving at only one revolution every 24 hours. At that rate, I wouldn’t call it spinning, would you?

Do you see my point? Speed is *relative* to the observer. Flat-earthers say that the earth is spinning 1000 miles an hour at the Equator. They say if the earth is turning so fast, the water of the oceans should fly off the planet! But it doesn’t fly off. Is gravity – something that Flat Earthers also doubt – the only reason why? Water doesn’t fly off the revolving earth for the same reason it wouldn’t fly off a wet tennis ball that is turned on its axis **once every 24 hours**.

Just try it, Flat-Earthers. Take a tennis ball, soak it in water, and turn it slowly enough so it makes only a single revolution over a period of 24 hours, and see how much water flies off it.

Is 1000 miles per hour “fast”? Yes, if you happen to be flying in an airplane. Interestingly, the closer a plane comes to the ground, the faster it appears to be flying even though its speed is considerably slower when descending than when flying at 30,000 feet or 10,000 meters.

I once observed a plane landing while standing in Barrigada Heights, Guam. I had a clear view of the airport which was at least two miles away. Though the plane approached the runway at approximately 170 miles an hour, from my viewpoint two miles away, the plane approached the runway ever so slowly, and landed ever so gently. Speed is relative to the observer!

Just look at this silly meme! It’s downright foolish for all of the reasons above. And yet Flat Earthers believe it! Talk about mind manipulation! It’s the *meme* that doesn’t hold water!

I believe that Flat Earth is a covert psyop promoted by a group of organized disinformation agents, who are possibly working for the CIA, possibly working even for NASA, with the intent to mislead Bible believing Christians to believe something that is not so to make them look foolish in the eyes of the world and hurt their testimony of salvation in the Lord Jesus Christ.

# Flat-Earthers Cannot Explain Timezones Or Why the Length of Daylight Varies According to Latitude and Season of Year

I posted this meme on Facebook. To my surprise, it was immediately shared by a friend who believes the earth is flat! I say surprise, because I posted this meme to prove to Flat-earthers that the world cannot possibly be flat seeing the two islands are only 100 miles apart and yet 25 hours different in time. This is because the International Date Line runs between them.

Here's our conversation:

**James Arendt** Christina, does this mean you have changed your position on Flat Earth?

**Christina** No, it proves it even more. How can they be 25 hours ahead, but 100 miles away. California is over 2000 miles away and only 3 hours earlier in time. It proves we live a lie.

**James Arendt** Christina, the International Date Line separates Samoa and American Samoa. Only if the Earth is a sphere could this possibly make sense! These facts are indisputable:

The two islands are only 100 miles apart but 25 hours different in time due to the International Date Line. Prove this wrong and my hat is off to you. This can be possible only if the earth is a ball shape.

**Christina** Or, they've developed a complicated lie that can't work without this imaginary date line. In fact they aren't off by nearly a day. How do you explain seeing the moon in America during the day while it's visible in Australia which is not possible on a sphere?

**James Arendt** It IS possible to see the moon on a global earth from both Australia and USA at the same time!

The bottom left circle is around the east coast of Australia and the

top right circle is around the west coast of the USA.

**Christina**

**James Arendt** Flat-earthers are always telling me, “Do your own research! Do your own research!” Well, I HAVE done my own research, and I have presented every one of my findings, and not one of them have been properly answered with facts. All my research tells me the earth is a sphere. It also tells me Flat Earth is a CIA / Illuminati psyop to marginalize Bible believing Christians and ruin their personal testimonial of salvation in Jesus Christ!

**Christina** Well, once I realized all pictures of Earth are digital art renderings and a slew of other issues, I believe we’ve been lied to, but I’ll still be your friend

**James Arendt** I’m glad to be your friend too, Christina. Yes, we have been lied to about many things, about history, reasons for wars, about evolution, about 911, about the Apollo moon missions, etc., but to say we have been lied to about photos from space is not enough to convince me the earth is flat when my experience traveling the globe tells me otherwise. One half of the planet is dark right now. Samoa is one full day ahead in time than American Samoa. I saw satellites move across the sky. Only a spherical earth explains me why that is so and many other things such as why I experienced 24 hours of sunlight in the Arctic in the summer, 24 hours of darkness in the winter, and why there is less than one hour variation of daylight in Guam throughout the year. Only a spherical earth explains to me why.

**Christina** There’s a lot more than photos as the issue. I investigated for a long time after the photo issue came up. It’s just one piece to the puzzle. They fake the footage from space using green screens and pools is another issue. Why fake photos and ISS if they are there? Just show one real thing. They can fool most of us, but not all of us. I don’t think it’s easy to accept flat Earth. Why would anyone invite the ridicule? The Bible tells us the truth, and it says the Earth is flat. I’ll accept that now.

## **Conclusion:**

As Mark Twain once wrote, “It is easier to fool people than to convince them they have been fooled.” That’s what I feel about those who have swallowed the deception that the earth is flat. This article was written not to convince a flat-earthier that he or she is wrong, but to convince those who have dabbled with flat-earth doctrines, people who are still on the fence who have not entirely been swayed by it. You can see that Christina cannot explain away my statements to her. She doesn’t even try to. She can only dismiss them and parrot what she picked up on YouTube’s that teach flat earth.

# From a Former KGB Agent: The 4 stages of Subverting a Nation

This is a 1985 interview of [Yuri Bezmenov](#), a former Soviet KGB agent who defected to the West.

What Yuri Bezmenov has to say is so significant, I transcribed it from a YouTube video you will find on the bottom of this post for you busy folks who don't want to take time to see it. The emphasis in **bold font** is mine.

Interviewer: The Soviets use the phrase, "ideological subversion". What do they mean by that?

Bezmenov: Ideological subversion is the process which is legitimate overt and open. You can see it with your own eyes. All you have to do, all the American mass media has to do is to unplug their bananas from their ears, open up their eyes and they can see. There's no mystery. There's nothing to do with espionage. I know espionage intelligence gathering looks more romantic, it sells more deodorants through their advertising, probably. That's why your Hollywood producers are so crazy about James Bond type of thrillers. But in reality, the main emphasis of the KGB is **not in the area of intelligence** at all! According to my opinion, and the opinion of many defectors of my caliber, only about 15% of time, money and manpower is spent on espionage as such. The other 85% is a slow process which we call either ideological subversion or active measures, (2 Russian words, *активные* something, I couldn't catch it) in the language of the KGB, or psychological warfare. What it basically means is, to **change the perception of reality of every American** to such as extent that **in spite of the abundance of information** no one is able to come to sensible conclusions in the interest of defending themselves, their families, their community and their country.

It's a great brainwashing process which goes very slow and is divided into four basic stages, the first one being demoralization. It takes from 15 to 20 years to demoralize a nation. Why that many years? Because this is the minimum number of years which is required

to educate one generation of students in the country of your enemy exposed to the ideology of your enemy. In other words, Marxism / Leninism ideology is being pumped into the soft heads of at least 3 generations of American students without being challenged or counterbalanced by the basic values of Americanism, American patriotism.

The demoralization process in the United States is basically completed already, for the last 25 years, actually it's over fulfilled because demoralization now reaches such areas where previously not even Comrade Andropov and all his experts would even dream of such a tremendous success. Most of it is being done by Americans to Americans thanks to a lack of moral standards. As I mentioned before, exposure to true information does not matter any more. **A person who is demoralized is unable to assess true information.** The facts tell nothing to him. Even if I shower him with information, with authentic proof, with documents, with pictures, even if I take him by force to the Soviet Union and show him a concentration camp, **he will refuse to believe it until he's going to receive a kick in his fat bottom. When a military boot crushes his, then he will understand, but not before that.** That's the tragedy of the situation of demoralization.

The next stage is destabilization. This time, the subverter does not care about your ideas and the patterns of your consumption, whether you eat junk food and get fat and flabby, it doesn't matter anymore. This time, and it takes only from 2 to 5 years to destabilize a nation, what matters is essentials, the economy, foreign relations, defense systems. And you can see quite clearly that in some areas in such sensitive areas as defense and economy, the influence of Marxist / Leninist ideas in the United States is absolutely fantastic. I could never believe it 14 years ago when I landed in this part of the world that the process will go that fast.

The next stage of course is crisis. It may take only up to 6 weeks to bring a country up to the verge of crisis. You can see them in Central America now.

And after crisis, with a violent change of power, structure and economy, you have a period of so called normalization. It may last indefinitely. Normalization is a cynical expression born from Soviet propaganda. When the Soviet tanks moved into Czechoslovakia in '68, Comrade Brezhnev said, "Now the situation in brotherly Czechoslovakia is normalized!" This is what will happen in the United States if you allow all these smucks to bring the country to crisis, to promise people all kind of goodies and a paradise on earth, to destabilize your economy, to eliminate the principle of free market competition, and to put a Big Brother government in Washington D.C. With benevolent dictators like Walter Mondale who will promise lots of things, never mind whether the promises are fulfilled or not.

I posting this in the hope maybe it will help a few individuals to wake up to reality. My hope is to inspire others to start doing their own research to see whether these things be true or not. You can start by reading the first three chapters of the book of Genesis of the Holy Bible. When you understand its meaning, and you'll be more knowledgeable about the important truths of life than people with a doctorate degree from any of the most prestigious universities in the world!
