

Hitchhike stats for 2010

With another man also hitchhiking! His partner with him took the photo

Happy new year to all!

Yesterday, December 30th, I returned home after a very fruitful 12 day trip to the Kanto and Kansai areas of Japan. Kanto includes Tokyo and Kansai is all of the area of Kyoto, Osaka, Kobe and surrounding towns and cities. The total distance hitchhiked in Japan this year was 15800 kilometers.

The graph below shows a comparison of the distance I hitchhiked this year compared to 4 previous years. As you can see, it was a bit less than last year's total of 19530 kilometers.

Graph of distances hitchhiked in Japan through the years
