

Northern Japan continues to shake

Last night at 11:32 PM while in bed in my home in Niigata near the Sea of Japan, I felt a relatively strong earthquake. The building shook for a considerable amount of time. It is not common for earthquakes to occur on the west side of Japan, and because of the duration of the quake, I thought it may have occurred on the Pacific side near the previous earthquake of March 11. A radio report confirmed it.

Increased frequency of earthquakes is one of the signs that Jesus said would precede His return to earth.

Matthew 24:3 And as he sat upon the mount of Olives, the disciples came unto him privately, saying, Tell us, when shall these things be? and what shall be the sign of thy coming, and of the end of the world?

Matthew 24:4 ¶And Jesus answered and said unto them, Take heed that no man deceive you.

Matthew 24:5 For many shall come in my name, saying, I am Christ; and shall deceive many.

Matthew 24:6 And ye shall hear of wars and rumours of wars: see that ye be not troubled: for all these things must come to pass, but the end is not yet.

Matthew 24:7 For nation shall rise against nation, and kingdom against kingdom: and there shall be famines, and pestilences, and **earthquakes, in divers places.**

There are 66 books, 1,189 chapters and 31,102 verses in the Bible. It's interesting to note that in the 19 times and 16 verses the word earthquake in either its singular or plural form appears in 9 books and 14 chapters of the Bible, it appears 7 times in 5 verses in the book of Revelation, more often than in any other book of the Bible. The book of Revelation is the last book of the Bible and the book that most people associate with the last days just before Christ's return to earth.
