

# [Dr. David Martin: We Are Allowing Human Organisms To Become Bioweapon Factories – Video and Text](#)

## **Transcription of the interview**

**Stew Peters:** So we're now up to our fourth COVID shot here in the United States. And Anthony Fauci is talking about possibly doing another round of lockdowns too. Hell, I mean, that might happen because half of this country are sheep, and will fall for anything, it seems.

Well, Dr. David Martin recently warned that the ultimate long-term purpose of all of this will be exposing humanity to constant forcible gene editing, via mRNA vaccines and who knows what else. Dr. Martin will be joining me I'm very excited because he also will be speaking at the April let's go Brandon rally, but he joins us now. And I'm excited about that, as well. Thank you for coming. So that's what this is replacing God's likeness, essentially, as we worship the mRNA masters.

**Dr. David Martin:** You know, it's fascinating. And just the last couple of weeks, I have gone on record for quite some time now, Stew, saying that this entire exercise was about transcribing a computer-synthesized model into the human genome. And in the last month, we've seen mainstream science come back with a giant revelation that it turns out that this shot persists in the human body for an indeterminate period of time. The most recent data shows that at least surviving up to eight weeks in the lymph system, where it continually produces the spike protein. We see evidence coming from municipal waste systems that allegedly even though we're all allegedly getting better, and the pandemic is starting to normalize, apparently spike protein is showing up in our waste streams at alarmingly high rates. Stew, the reason is because as I've said all along, when you inject the body with instructions to make a chimeric model of a synthetic spike protein, where you have never done testing on that gene therapy, it turns out that you don't know what you might be manufacturing, and how long each individual who gets the injection might be manufacturing these pathogens. And not surprisingly, we were told about this years before this injection started. This is a pandemic of the bio weaponization of the human organism. This is not public health. And Anthony Fauci is the architect of this genocide.

**Stew Peters:** You have read so many different quotes and given so many

examples using the criminals' own words as they have forecasted exactly what was coming and this dates all the way back. I mean, everybody I talked to that has relevant resources can trace this first, it was back to 2015. Then it was 2005. And now even before that, is it possible,...

**Dr. David Martin:** Yeah, all the way to 1990.

**Stew Peters:** 1990? I mean, now. Is this, is it possible? Why? What are some other reasons that this could be showing up in our water?

**Dr. David Martin:** Well, listen, the reason is really simple. We are now obsessing about the fact that every way to Sunday, what is being done is the human organism is now being modified, and it is being modified to perpetually produce a toxic protein known and scheduled to harm humanity. And when I say known and scheduled to harm humanity, why don't we go ahead and make sure I clarify the reference because apparently, people don't understand what it is. Under 7 CFR Part 331, under 9 CFR Part 121, and on 42 CFR Part 73, we have what's called the Federal Select Agent Toxin List. Stew, **this is not my list. This is not Dave's allegation. This is the Code of Federal Regulations where we put very specific toxins on a schedule and say these things are known to harm humans.** They are known to be damaging, and they are subject to the biological and chemical weapons treaties and laws that we have enforced here in the United States. And why don't we read it directly from the schedule because why would I need to make up for the criminals' acts are even more egregious? Any SARS CoV or SARS CoV2 chimeric virus resulting from any deliberate manipulation of SARS CoV2 to incorporate nucleic acids coding for SARS CoV virulence factors. Stew, they actually say that doing the thing they're doing is illegal.

**Stew Peters:** Hold on, read that again.

**Dr. David Martin:** Right. Sars CoV and SARS CoV2 chimeric viruses resulting from any deliberate manipulation of SARS CoV2 to incorporate nucleic acids coding for SARS CoV2 virulence factors. That's actually in three sections of the Code of Federal Regulations subject to the biologic and toxin agent program, defined under 18 US Code section 178, as a biological agent subjected to 18 US Code section 175 prohibition of biological weapons. Literally, the statute says what they're doing is a felony punishable by 99 years in prison, and up to \$100 million per count.

**Stew Peters:** If you didn't think that that was going to happen. And if you didn't think that justice was going to prevail, and if you didn't think that we were going to win, then you wouldn't be fighting as hard as you are, you're fighting because there really was a purpose and you see a way to win, we're going to win, aren't we?

**Dr. David Martin:** That's exactly right. And, and so it's important when, when, when, still, you know, I'm a broken record on stuff like this. The fact of the matter is, the criminals' own statements are so egregious, that we don't even have to make up a conspiracy because they did it and they published it. So in violation of criminal conspiracy and racketeering laws, they're the ones that actually admitted to it and let's go to the 20 F

filing. For those of you not familiar with a 20 F filing, when a foreign company files with the United States Securities Exchange Commission, one of their filings is called a 20 F filing, and Biotech, the mRNA injection manufacturer for Pfizer makes the following statement in their 20 F filing. So let's just, let's just set up at the gate. This is them speaking. This is not David Martin. This is them speaking, I'm reading straight from their 20 F filing.

To our knowledge. There is no current precedent for an mRNA-based immunotherapy, such as the type we are developing, being approved for sale by the FDA, the European Commission or any other regulatory agency elsewhere in the world. Although we expect to submit BLAs (which is the biologics license for mRNA-based product candidates in the United States and in the European Union) mRNA therapies have been classified as Gene Therapy Medicinal Products. Other jurisdictions may consider our mRNA-based product candidates to be new drugs, but not biologics or gene therapy, or medicinal products and require different marketing applications. Securing regulatory approval requires submission of extensive preclinical and clinical data and supporting information the various regulatory authorities for each therapeutic indication to establish the product's candidate safety and efficacy."

Listen, I read it straight out of their filing. When I say that this is not a public health vaccine, but this is a computer generated synthetic chimeric alternative to the virulence factor of SARS co V, which is exactly, exactly what it is. This is actually not Dave's theory. This is the reality that says we are being subjected to a perpetual addiction to a known pathogen and toxic agent. And the reason why Anthony Fauci is now advocating for the next round of boosters to be followed by the next round of boosters, is until we actually achieve the stated goal, which is a 15% population reduction, which I don't know if you do the math quick in your head, but **that's about 800 million people dead**. Until we get there. We will be recommending this injection to harm, maim, kill, murder, and sterilize humanity.

**Stew Peters:** To murder people. To murder people to prevent them from procreating. To alter their image of God their God given DNA and to make them worship a new master.

**Dr. David Martin:** Well, and the fact of the matter is, it's their words, not mine. They're the ones that said it. And by the way, it's important to realize that that wonderful thing about SARS cov 2 chimeric viruses that I read from the Code of Federal Regulations, that little thing called the Federal select agent program, that little thing called the Department of Health and Human Services and USDA agents and toxins program, that thing that I read, mysteriously had SARS co2 fragments listed as scheduled pathogens in April of 2020. Stew, do remember in February of 2020 we allegedly had a novel pathogen that we didn't know anything about? Remember, we just invented the thing. And we started filing patents for injections for the thing before we actually knew anything about it. So those wonderful days back in our prescience years where we could anticipate a pathogens emergence before it actually happened, and then build operation warp speed in September before the first accorded evidence of the disease in

December of that year, all of the wonderful things that we have unfolding around us. Somehow or another in April of 2020, we had the ability to know that there was going to be SARS Cov2 virulence factors added to a schedule of toxins before we even had a Moderna or Pfizer shot, except we had already transferred those things in November of 2019, under a material transfer agreement to make sure that we had an injection for a pathogen before we had an outbreak of said pathogen.

This is just clear evidence of the fact that this entire campaign of terror, which is what we need to be calling it, this is domestic terrorism. And this is international terrorism. This is bioterrorism writ large. And those acts were willfully and Premeditatedly perpetrated on the population. And to date the population has had not one, not Ron DeSantis, nobody in Florida, no attorney general, no governor, not a single person who has been willing to take on the crime. Not one.

**Stew Peters:** Disgraceful. It's completely disgraceful. **These are not side effects. These are *intended* consequences.** (Dr. Martin: That's correct.) These are not experimental injections, stop calling them that. This is not an experiment. This is a well-thought-out meticulous plan to commit murder. on a large scale. This is intentionally designed. This was chimerically engineered by people who knew exactly what they were putting into these injections delivered with this mRNA technology. They know exactly what they're doing. These are not experimental, the clinical trial data, they didn't need that they didn't need it. Why? Because they knew what that was what was going to happen. They knew what they were going to do. And the reason there's no threshold for death, the reason why it's not alarming to anybody that only one percent has reported to VARS and 25,000 people are dead, **the reason why nobody's talking about it is because they know that and they have not achieved their goal yet!** That's minuscule in comparison to where they want to take us.

**Dr. David Martin:** That is exactly right. And what we already know is that if we look at the pseudouridine addition to the mRNA that was put into this injection, if we look at all of the data that we know is now part of the code that went into the mRNA shot, we know that **these things were done with the intention of making them a permanent resident in the organic system.** And by the way, when you hear B A 2 variant, which is now the latest campaign of terror, recognize something very clearly. This new variant is not an alteration of a natural mutation of any viral model.

This is what's happening. When we have human beings turning into perpetual spike protein manufacturing facilities, we will have variant upon variant upon variant and these are going to be coming from injected people who are allegedly coming down with COVID. These are not diseases born of a natural virus. These are premeditated acts of engineered pathogenicity, where we are now allowing the human organism to become a bioweapons factory itself.

**Stew Peters:** Wow. Somebody is going to hear this or you wouldn't be putting this all together. Somebody is going to take this. A court is going to hear this, these people will be indicted, tried, and hopefully fried.

**Dr. David Martin:** Well, and still, you know, we filed in Utah. We filed the federal case in Utah on March the third. It is the first federal case where we're taking on the root of this definitional question around the difference between a gene therapy and a vaccination. We filed in Utah because we wanted to in addition to the claims that we laid out in that case, we wanted to see the federal government trying to defend itself because it turns out in Utah, their defense is going to be an affirmative admission of felonies in the state of Utah.

**Stew Peters:** Criminal consequences.

**Dr. David Martin:** Criminal consequences for their response.

**Stew Peters:** Good. I can't get over what you just said. I mean the reality of that turning the human body into a bioweapons lab, a bioweapon manufacturing facility.

**Dr. David Martin:** That's correct.

**Stew Peters:** It's just the most eye-popping most truthful, cutting language that you can possibly use. If that doesn't wake people up, Dr. Martin I don't know what will.

I'm looking forward to actually seeing you in person. That's coming up on April 1. Get your tickets by the way at let's go Brandon rally.org Let's go Brandon rally.org That's April 1 and second and third and Brandon Florida the weather's gonna be beautiful. All sorts of patriots out there truth-seeking. Jesus loving God-fearing inspired people who are unafraid will be there. And I can't wait to put my arms around you and give you a big old hug. Dr. Martin, thank you so much for being here.

**Dr. David Martin:** I'm looking forward to it. We have Anthony Fauci said we're never gonna shake hands anymore. I'm into hugs. Let's make that happen.

**Stew Peters:** I'm in! See you then. Dr. David Martin, thank you. God bless.

**Dr. David Martin:** You got it, take care.

### **Introduction:**

David E. Martin Ph.D. is the developer of several innovation-based quantitative indices of public equities and the founder of the Purple Bridge Funds and M-CAM International. He has worked closely with the United States Congress and numerous trade and financial regulatory agencies in the United States. Dr. Martin is also a Batten Fellow at the University of Virginia's Darden Graduate School of Business Administration. (Quoted from <https://z3news.com/w/david-martin-presents-evidence-corona-virus-manmade/> )

Red Pill Expo is the major public event of Red Pill University. "Red Pill University is a coalition of individuals and organizations that share a common problem – and have a common understanding of the solution. The problem is that peaceful, law-abiding citizens are experiencing ever-increasing control over their lives by governments and corporations. " – Quoted from <https://redpilluniversity.org/take-the-tour/>

The purpose of this talk is to de-mystify the "they" of the COVID War.

### **Excerpts from the talk by Dr. David Martin to the Red Pill Expo**

"How many of you are familiar with the company, Anser? I love having this moment. Do you know they are the single largest contractor in the entire COVID terrorism campaign?..."

"The companies on the right, that you think are the ones running this show [Pfizer, Moderna, Johnson & Johnson, Merck Ridgeback, Gilead Sciences], are in fact a front [for the companies on the left, Anser, Fors-Marsh, Palantir,

Publicis Sapient].

“And you know what a front organization is? They’re the ones that are supposed to take the flack and take the heat. The ones on the left are the ones that actually got the money. Operation Warp Speed went to Anser.

“You didn’t know that, because you were told by the media that it went to Pfizer, Moderna, Johnson & Johnson and all that kind of stuff. That’s not true. The prime contract of Operation Warp Speed went through Anser, a company none of you had heard of!

“And you didn’t hear about them because the contract was signed by ATI, a company based in South Carolina, a company whose history has been government defense contracts for the purposes of propaganda! I wish I made that up. The prime contractor selected to run Operation Warp Speed was a propaganda expert for the US Department of Defense...

“Anser is the way for the Federal Government never to be liable for the criminal conspiracy they know they ran. They are now one of the top ten Federal Contractors in history, below Lockheed-Martin, Raytheon and all those guys.

“Those names you know. You don’t know Anser, the single company that, by COVID rose – the highest-ranked rise in the history of federal contracting; the highest single-year rise, ever was Anser – and none of you know who they are!...

“Anser Corporation, they’re the ones running Operation Warp Speed and they’ve been set up to shield these manufacturers from ever taking the financial liability for their willful misconduct. And one day, everybody’s gonna go, ‘Let’s sue Pfizer! Let’s go sue everybody else! And the only problem is when we go to sue them, they say, ‘Hey! It wasn’t us!’ And they’re right and all of us were asleep. And I’m talking to a woke crowd, here and all of you were asleep.

“Don’t tell me you’re awake if you’re still sleeping, because if you didn’t know who Anser is, you’re still asleep!

### **IT GETS WORSE...**

“It gets worse. Fors-Marsh, anybody know Fors-Marsh?...They’re the branding agency that branded COVID. They’re the ones who make sure we find hospitals that are overrun with people. They’re the ones who find kids that died of COVID right before the FDA needs to vote on giving kids injections. They’re the ones that go around the world, making sure every message is always the same: ‘We will not return to normal until we have a vaccine.’ Thank you, Justin Trudeau! Where’d you get the script? From Fors-Marsh! And how many of you knew that? None of ya!

“How about Palantir? Hey, that’s a weird one, isn’t it? Peter Thiel, who has successfully run a company that has lost \$200 million plus, every year for about seven or eight years, goes public in the middle of COVID. Isn’t timing

interesting? Isn't it fascinating that a company that's done nothing but lose billions of dollars goes public in the middle of the worst economic cycle we've had? Isn't that funny? And did you actually go back and read their public offering? Hah! Funny! I know you didn't, because there really wasn't one, that's why you didn't read it!

"Because they went public in this very bizarre, backdoor way of actually selling founder's stock into the market, so we got personally-enriched – personally-enriched – using the public market as the laundering facility. Isn't that brilliant?"

"But let's look at what they did for our COVID scandal. They actually came up with a thing called Gotham Data Tracking...you know what that does? That's making sure that every time you turn your phone on, when you get off the plane, when you cross the state line, it gives you a little tag that goes, 'Hey, do you want a COVID alert in your neighborhood?' You know why? Because you are being monitored. Your phone is being monitored. Your transactions are being monitored, your credit cards are being monitored, your health behavior's being monitored, your vaccine status is being monitored and it's all done under the contract run by Gotham Data Sciences, the company that went public during COVID – and none of you knew about this.

"And you've been to Red Pills! And you still haven't taken the Red Pill! And by the way, I'm not even to the good slide, yet. So be depressed! 'Cause it's getting worse!"

"Publicis Sapien, the Health and Human Services' IT contract. Have you ever wondered how the data never seems to add up? Somebody always has allegedly the same reportable data?"

"Publicis Sapien has the Health and Human Services' IT contract to consolidate all of the data, so guess what happens? Everybody has the same number of COVID cases to report, when somebody from the media calls and says, 'Hey, how many cases do we have?' 'Oh, 40,000'. 'Oh, round number, 40,000'..."

"When, in the course of human history has a round number involving the word 'thousand' ever happened? There's never been a 10,000 heart day, there's never been a round number day – until you actually control the Department of Health and Human Services' entire IT platform and not one of you knows that that's a single contract, run by Publicis Sapien..."

"You've been focused on the right hand side the whole time and the left hand side is doing the dirty work."

## **THE COVID PIRATES**

"Now, why do I call them 'privateers'? How many are familiar with the difference between a pirate and a privateer? Pirates go rape and marauding and stealing and...a privateer is the same thing, that has permission to do it by a government that's gone corrupt. That's what these are (points to the slide of COVID contractors). They're the privateers. But hey, since we have privateers, it feels only appropriate that if we have a world of privateers, we should also...have a world of pirates. And here's our pirates."

The new slide shows the universities who've been involved in the COVID War: UNC Chapel Hill, Vanderbilt, Emory, Johns Hopkins, University of California System, MIT, NYU Langone, DZIF, Imperial College, IHME, Erasmus Medical Center.

"Pirates. UNC Chapel Hill, I talked about that. That's the guy who actually made the weapon, Ralph Baric. Since 1999, \$100 million to weaponize the particles of coronavirus. Over \$100 million. You've heard about \$3.7 million going to Wuhan – ohhhh – 3.7 million, that feels like a bad number.

"And how 'bout \$28 billion of that coming from DARPA for their bioweapons initiative? Anybody heard of \$28 billion that went through Anthony Fauci at NIAID? Anyone hear about the \$20 billion that went directly to UNC Chapel Hill, that weaponized spike protein?

"You haven't heard about that, you haven't heard about that because we've been talking about \$3.7 million going to Wuhan. Stop being distracted by the cover story!... Because the distraction is where the interesting thing is.

"UNC Chapel Hill, Vanderbilt, Emory, Johns Hopkins and the University of California: those are the pirates that have made the most money on federally-granted, disclosed money going into the university sector. I'm calling them 'pirates' for a very good reason. They justify all of this in the name of science and education...

"I don't even care whether these people pretend to hide behind the 'It's an academic research project' to try and get out of the bioweapons definition. The bioweapons definition says that if you enable a foreign entity to build something known to harm humanity, you have already created a felony, you are going to jail for the rest of your life and you are liable for a \$100 million penalty.

"So guess what? Welcome to Hell, all five of these universities! Because they're all felons! All of 'em!

"And how 'bout the right-hand side? MIT, New York University Langone – hey, by the way, Langone? Where did that name come from? Ken Langone? Anybody? Oh! I'm not supposed to say that name out loud, Ken Langone, except I just did, didn't I? Ken Langone...

"They're actually putting their name on the letterhead and you don't know who to look for! You're still being told, 'Oh, it's the Rothschilds and it's the Rockefellers!

"No, it's not! It's the guy who put his name on the facility! How many of you know who Ken Langone is? Guess what? Look it up! Because that's a pretty big thing that you should be aware of and unfortunately, you're not aware of it, for a very good reason because he hid it in plain sight, in the name of the medical center. New York University Langone, like that's a really hard thing to find.

"DZIF Charité...you've heard of Dr Christian Drosten, the Crazy-in-Chief in Germany who's kind of Anthony Fauci and Ralph Baric's evil stepchild,

Imperial College, the criminal conspirators who came up with the fear porn of how many people were going to die, IHME, the University of Washington program, but the one I want to bring your attention to is the one at the bottom, Erasmus Medical Center.

“Bart Haagmans...In 2002, Bart Haagmans was an interesting dude, because he actually figured out a way to build a bunch of patents around the vaccines for the coronavirus. Mysteriously, the European Union in 2012 started giving him massive, massive grants to run a thing called Zapi.

“And Zapi was the zoonotic disease transmission laboratory for the European Union. And Bart seemed to always get the money. Now, this is fascinating because Bart was also the one who decided to patent MERS. The Middle Eastern Respiratory Syndrome, remember that one? The one that never really happened but kinda happened in 2012-13? Bart was the one that patented MERS..

“Erasmus Medical Center, actually, in their public statement, when they were confronted with the lie, where they said that they hadn't filed a patent on the actual genome – kinda like the CDC said in 2007 – when confronted with the lie, they said in public – and you can't make this sh!t up, People, it's so funny! They said, 'Well, what we said was not entirely false in all jurisdictions in the world.'

#### THE COVID ORCHESTRA

“But this, Ladies and Gentlemen is the slide you wanted to see. This is actually the names and faces of the people who are, in fact killing humanity. And that's ALL of them. Now, here's the bad news: There's a lot of people on that slide, aren't there? Here's the better news...I'll actually give you all this slide, because why not? Let's make sure that we don't ever forget the names and the faces of the people who decided to kill us...

”

Here is a list of all the people in that slide:

- Dustin Moskovitz, Open Philanthropy

David continues, "I want you to have some looks on there. Some are kind of interesting, like cellist Yo-Yo Ma. Did you hear me say that? Cellist, Yo-Yo Ma.

"How about the head of the Wellcome Trust? Not surprising, there, right? How about Princess Rania of Jordan? Ooh, that's weird.

"How about the woman who happens to be sitting at the helm of the leadership of the government of Canada but conveniently out of sight but running 100% of the money for the government of Canada.

"How about all of these interesting people like, Jim Hagemann Snabe, how about Zhu Min, Chairman of the National Institute of Financial Research in China?

"And what makes these individuals interesting is that when you look at them, you find out something very important. Almost none of them have sought public visibility. Isn't that funny? Which makes me pick on one of them. The guy I have here, at the bottom corner. And I have to give him credit. He has done so much to stay out of sight.

"I've got 12 minutes left. I've got to spend a couple of minutes on the guy who's paid every search engine optimization to keep his name out of search engines and I'm doing it so that it costs him sh!tloads to keep all of you silent.

#### **DUSTIN MOSKOVITZ: EDITING THE HUMAN GENOME**

"So let's get really clear on Dustin Moskovitz. Shall we, Dustin Moskovitz?...You little piece of sh!t! Let's talk about him for a minute. The Co-Founder of Facebook that you've never heard of...also the guy who founded Open Philanthropy, who was the actual check-writer for Event201. You were told that it was the World Economic Forum. You were told it was the Bill and

Melinda Gates Foundation. You were told it was Johns Hopkins University. But the actual check that cleared for the program was signed by none other than Dustin Moskovitz...

"Now, I'm picking on him for a good reason. He's a felon, he's a criminal. He is one of the most sociopathic, psychopathic, crazy people walking the planet and he's paid to keep his name in private. So guess what? Don't let him! The reason why I want to give you this slide is because I want every one of them named. I want them all publicly named.

"Because it's time that we start going through the reality of saying, 'We the People are not going to let mass-murderers get away anonymously mass-murdering people. We are not going to allow that to happen! Not on our watch! And that's why you have this slide...

"But let's go back to Dustin. Isn't it interesting that Dustin conveniently decided to shroud this entire public health crisis in a self-serving, self-interested investment objective? He owns Sherlock biosciences. Sherlock Biosciences happens to be the company that owns the CRISPR technology that is the joint venture between the United States and China on gene editing the human genome...

"Dustin Moskovitz knew that if he actually tried to take this technology into the public, nobody would be willing to do it, particularly, given the fact that it's a JV [joint venture] between him and the government of China. That's the reason why we'd have a problem with it. Because it feels like eugenics. Do you know why it feels like eugenics? Because it is eugenics, that's why it feels like it! That's why it feels like Cold Spring Harbor Labs...

"The only way we could get gene-editing technology approved was with an Emergency Use Authorization. Not surprisingly, once everybody was distracted on vaccines and everybody was distracted on RTPCR and everybody was distracted on everything else, Sherlock Biosciences slipped their Emergency Use Authorization application into the FDA – and got it. In other words, using the cover of COVID, which all of us are pretending to talk about, the editing of the human genome was approved and not one of us said a thing.

"Now, if you were going to edit the human genome, do you think you'd need a good cover story to actually hide what you're really doing? You'd probably find the guy who has the biggest financial interest in doing it and make sure, that while everyone is looking over at coronavirus and COVID and trying to figure out these Lab Leak Hypothesis – there's no Lab Leak Hypothesis, because there's no lab leak!

"So stop talking about lab leaks! there is no lab leak. This is the willful weaponization of a spike protein, that's what it is. It's an act of war, it's not a leak. We need to start calling it what it is. It's an act of war. It's an act of war against humanity.

"We stop pretending to take their bait and follow their stupid rabbit trails and follow stupid rabbit trails into stupid rabbit holes and wonder why

there's a bunch of pee and piss and poo that smells like rabbit warrens. Well, it smells like it because that's what you find at the end of a rabbit trail.

"We need to be focused on the point and people like Dustin Moskovitz and this slide is going to be shared with everyone in this room because it is incumbent on you. Now you know. Now you must act. Because when we talk about the 'they', we empower the 'they'.

"But when we talk about the names of people, we humanize the sociopathic behavior. We humanize the fact that there are individuals and organizations that are willfully murdering the humanity that we know and love and we cannot let that happen on our watch. It is incumbent on all of us to get those words out."
