

America was Mortally Wounded in 1913 by the Federal Reserve Act

The Federal Reserve Act was signed by President Woodrow Wilson in 1913. He gave control of America's economy to a private bank not federal with no reserve!

Andrew Jackson Quote Exposing the Bankers

Andrew Jackson (March 15, 1767 – June 8, 1845), the seventh President of the United States (1829–1837).is one of my heroes. I think the Federal Reserve Bank is not honoring him, but actually *mocking* him by putting his picture on the US \$20 bill! I'm sure he would have hated that. He was diametrically against the central bank and worked to rescind its federal charter. According to the US Constitution, only the "Congress shall have Power ...To coin Money, regulate the Value thereof" – not the bank. This is what President Jackson had to say to the bankers:

"Gentlemen! I too have been a close observer of the doings of the Bank of the United States. I have had men watching you for a long time, and am convinced that you have used the funds of the bank to speculate in the breadstuffs of

the country. When you won, you divided the profits amongst you, and when you lost, you charged it to the bank. You tell me that if I take the deposits from the bank and annul its charter I shall ruin ten thousand families. That may be true, gentlemen, but that is your sin! Should I let you go on, you will ruin fifty thousand families, and that would be my sin! You are a den of vipers and thieves. I have determined to rout you out, and by the Eternal, (bringing his fist down on the table) I will rout you out!" Andrew Jackson.

Purchasing Power of the U.S. Dollar 1913 – 2013

On December 23, 2013, the Federal Reserve Bank celebrated its 100 year anniversary. Too bad however, that the "Fed" is not "federal" and there is *NO* reserve!

I found this image on Facebook:

The wealth of America changed hands from the American people to those who are controlling the American government. Who is controlling the American government? Please read [Washington in the Lap of Rome](#).

Nations remaining without a Rothschild central bank

Very few nations today have a central bank that is not owned or controlled by the Rothchild family.

Price of gold from 1900 to 2012 with gold's purchasing power of bread comparison

Gold is a good investment against inflation. One ounce of gold can buy the same amount of food today as it did a thousand years ago. Think about that.

The Truth about Libya

NATO and international bankers destroyed Libya and took away its prosperity using the excuse of ridding the country of a "dictator." Soon a Libyan central bank will be set up and it will rob the people just as the American Federal Reserve and other central banks do in their perspective countries. The Libyan revolt was undoubtedly caused by outside forces for the purpose of controlling Libya's economy. The ignorant Libyans who supported the revolt are soon to regret it.

For more comments about Libya, please see:

Opinion of Benjamin Fulford

Benjamin Fulford with David Rockefeller

I just listened to a 4 part YouTube video clip of Benjamin Fulford's interview with David Rockefeller.

Canadian born Benjamin Fulford first came to Japan in the early 1980s to study at Sophia (**Jesuit**) University in Yotsuya Tokyo.

From http://en.wikipedia.org/wiki/Benjamin_Fulford

"After receiving a B.A. from the University of British Columbia he returned to Japan in the mid-1980s to pursue a career in journalism. He worked in Japan as a correspondent for Knight Ridder, the International Financing Review, the Nihon Keizai Shimbun English edition, and the South China Morning Post before moving to Forbes magazine, where he was the Asian Bureau chief from 1998 to 2005.[2] After leaving Forbes he wrote a series of books in Japanese. He conducted an interview with the reclusive David Rockefeller in November 2007."

My hat is off to Benjamin Fulford for learning Japanese so well and becoming a naturalized Japanese citizen. That is quite an accomplishment because it involves Japanese officials interviewing one's personal relatives. But after listening to Benjamin Fulford for just a few minutes, I've come to the conclusion he is a **disinformation agent**.

He puts all the blame of the world's troubles and woes on the USA. True conspiracy researchers know that America is just another pawn in the overall scheme of things. Benjamin Fulford talks about an Asian secret society called the "White Dragon Society" of which he is now the spokesperson for. Benjamin Fulford says the White Dragon Society is against the "Military Industrial Complex" for causing all the trouble and wars in the world. He says that the same are running out of money, and that March 11, 2011 East Japan earthquake and tsunami was an attack against Japan in retaliation for Japan's banks not lending them money! Any true researcher of the NWO (AKA Illuminati) knows this is **absolute rubbish** because the NWO **own** the world's central banks, print up as much money as they want to, and lend it to governments charging interest. This is what the American Federal Reserve bank is all about and what Thomas Jefferson warned of:

"If the American people ever allow private banks to control the

issue of their currency, first by inflation, then by deflation, the banks and the corporations which grow up around them will deprive the people of all property until their children wake up homeless on the continent their fathers conquered.”

– Thomas Jefferson

Benjamin Fulford is not giving the overall big picture of Satan’s final attempt of control of every single person on the planet through economic pressure. He may be what is called a “gatekeeper”, a person who seems to be exposing the Enemy but who doesn’t go quite far enough to lead people into all truth about them.

And he (the Beast, AKA Antichrist) causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:

And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name. – The Holy Bible Revelation 13:16,17

My opinion is Benjamin Fulford gives false hope to people who heed him. The answer is not with us. Only [the return of Jesus Christ](#) Himself will save planet earth and its inhabitants.

Finally, here’s a couple quotes from

http://helpfreetheearth.com/news282_fulford.html that not only agrees with my view about Benjamin Fulford, but also exposes who Alex Jones really is and confirms what I’ve thought about why Jones would be willing to risk his neck when infiltrating the Bohemian Grove during a summer bash by the elite: He had permission to do so!

In 2007, Fulford became famous on the Internet and in conspiracy theory circles when he “miraculously” scored an in depth interview with David Rockefeller and delivered a threatening ultimatum to the elite that they step down peacefully or face the consequences. After the interview, Benjamin Fulford issued a letter of apology to Rockefeller.

Think about it. How could Fulford who publicly seeks to “take down the Illuminati” score an interview with Illuminati crime boss David Rockefeller? The same way Alex Jones managed to infiltrate Bohemian Grove. They got clearance because they’re both **Zionist shills**. If Fulford and Jones were a serious threat to the ruling crime families, they would have been snuffed out long ago. Alex Jones and Benjamin Fulford are delivering a message that serves the ruling cabal. That message is that disaster is imminent. Expect it, focus on it. Be afraid...and by doing so, you attract it.

Another guy I have doubts about is somebody who calls himself Jim Stone

independent journalist. Nobody knows who this guy really is! At least we do know who Benjamin Fulford is. How can any researcher or “truth teller” have any credibility at all if he or she is not willing to tell the world who they are? You can [find out who I am](#) if you want to.

[The rebellion in Libya and NATO support of the rebels is about central banking?](#)

A friend sent me an interesting article from the Asia times about what could be the reason for the mess in Libya right now. I believe it could be true. The Central banking system is not part of the government, but a coporation that creates huge profits for the investors. The real reason why the world's economy has gone down is because the central bankers have fleeced the people.
