

JOHN TODD: TAPEoneB.Page.ONE

1	A years' worth of training initiated to the sixth level or Grand Druid position of witchcraft. I sat on	1
2	the council of thirteen people that take orders from only the Rothschild tribunal in London, which	2
3	they claim take their orders directly from lucifer and that's why they reside ..(someone's asking me if	3
4	some of the Rothschild's live in California).. not those directly related to the tribunal they won't	4
5	leave England, some live in France but they always come over to England because they believe that	5
6	England is the place that Lucifer is most fluent and could speak to them more in person than he	6
7	could anywhere else. From talking to Christians from England they estimate there's only two percent	7
8	of the population are Christians of the great Britain country. So they have quite.. It's not just a	8
9	superstition this country (England?) has really gone back too witchcraft it was originally total	9
10	witchcraft. This is the atmosphere I came out of I was saved on labour day 1972 in San Antonio	10
11	through a movie 'The Cross and The Switchblade', a coffee house ministry that belong to a Baptist	11
12	church there then later deliverance through that Baptists Church. I've been ministering with people	12
13	in the occult and in the last year my main ministry has been to Christians playing with the occult and	13
14	where going to demonstrate that in a minute here. But this is what our ministry has been. In	14
15	September went too in Minneapolis State Colorado? Area which is where the occult owns one of its	15
16	Bible Colleges* our printing company as well. Through Christian giving we bought 10/000 of the	16
17	'Broken cross' leaflets to distribute free there. We went there and we worked for two weeks through	17
18	the state fair and other things that were going on and had a hotline set up for the call-ins and they	18
19	knew we were coming and they cancelled their convention. It was booked close to half a million	19
20	people were scheduled to appear at their convention and they cancelled it cost them thousands and	20
21	thousands of dollars and the story that, the best we could get, was they were afraid that the 'Broken	21
22	Cross' would get into their hands and because it has been a leading instrument for stopping people	22
23	joining and getting those that were in (out) and they called this convention the 'Aquarium Arts	23
24	Festival' completely off the first time it's been done so in years. Were going back there in fact Friday	24
25	and Saturday where going back for five meetings and pray for the people who put the several	25
26	hundred thousand dollars on my hand ? came out of Minneapolis because of it because of the last	26
27	time we were up there. Stay in pray for my safety whilst were up there I would really appreciate	27
28	your prayers it was kind of hairy the last time we were up there but this is my background and I	28
29	want to say one thing before we start here for those that are new comers the organisation that I	29
30	came out of is a cult and religion not a in purpose its purpose is political and financial power	30
31	complete world rule through finance which they believe will control the political situation? It's been	31
32	called by many people the illuminate, witches call it 'Mariah' in the United States it's called the	32
33	called the 'Council of Foreign Relations' it has many names whenever you go. I met Doctor Rath	33
34	Euston because he has come across it as a Mason I've met people who have come across it in	34
35	political things through financial banking and where ever people have seen it they have thought	35
36	that's exactly what it was. It was either in one of those realms. I came out of a realm where I knew	36
37	better I came off of a council that was in charge of dishing money out and political orders and in my	37
38	area I had 5000 covens. That's meant that meant I had 55000 priests and priestesses (and) that	38
39	wasn't (even) the congregation that was just the ministry. I saw a movie by Howe? Dempsey? On the	39
40	occult where he says he believed there were 5000 witches in the United States. There are 25000	40
41	witches in Los Angeles city alone. So he was way under short. From the statistics that we are seeing	41
42	right now it is the fastest growing religion in the Unites States and definitely in the world, and the	42
43	reason it is doing this is its got the financial power? and it's because the Christians, most of them, do	43
44	not know their word, and therefore are afraid of it and therefore do not witness to the people that	44
45	are in it. We have had not, (not as much) success in the last couple of years because they have	45

46	stepped up the death threats with people in the occult for people leaving. Like a Berlin wall and if	46
47	people are afraid to come out when we were there we were in a meeting one night and we had over	47
48	5000 people in one meeting in that meeting 1500 we initiated priests and priestesses of witcraft	48
49	which had attended the meeting and hundreds came up and told ministers and myself and my wife	49
50	later they would come out if we would guarantee them a safe place to go until they were strong	50
51	enough to stand on their own. We didn't have such a place. We are trying to prepare such a place	51
52	now, and if you're interested in helping such a place get with Doctor Rath Euston. When he come	52
53	back (from) this trip communicate with him on this, since he will be one of the few people who will	53
54	know where this place is and be able to send people too it. It will be completely hidden and secret.	54
55	we have one with us ? before in phoenix and three people were killed there one night, because	55
56	some pastors interfered with the security of the place and the occult was watching and they came in	56
57	and machined gunned to death three girls and wounded one worker. The girls were aged fifteen to	57
58	eighteen. They do not play games and this is why we tell the young people don't go because they'll	58
59	tell you to come in, its nice its loving it's a brother hood, and once you're in and your initiated you	59
60	find out it will cost them 10 000 dollars if you try to leave, but they'll send (people to collect it?)it	60
61	that's the minimum bounty they'll put on anybody's head getting out and they don't care how young	61
62	they are. So it's not a game it's a real world out there. So that's a quick background and a few words	62
63	to the young people I'll just take, like this morning some questions and answers. If you will take out	63
64	some pencils and papers I'm going to give you some facts now we hear a lot of things rolled out.. But	64
65	I want to give you (the) facts so that when you come up to somebody especially young people	65
66	fooling with rock music you'll have some facts. Now I want to say one thing before we get started.	66
67	Young people been running all over saying 'Hi' and being friendly too me. They going to want to	67
68	lynch me when this is over, but young people you'll just have to understand that I came out of a	68
69	world where I saw something you don't see when you turn on the radio. Parents if your letting..? to	69
70	compromise with your young people? them having rock music in your home, which you as Christian	70
71	parents own and are responsible to the Lord for, then you're wrong. I recommend you go home right	71
72	now and throw it in the trash can immediately and this is the reason why you see groups of on the	72
73	Television and you hear then on the radio and in corner (and) in stuff you know you don't see the	73
74	thing behind. Now here's one fact Zodiac Productions the leading tax's publication? has changed its	74
75	name now but Zodiac Productions when I was with it, (I was supposable the owner of it) the occult	75
76	owned it and it was the leading source of concerts in Texas concerts?? in San Antonio , (and)	76
77	because I was supposable the owner I met most of the groups in existence then. There are a few	77
78	that have come out since then but it's still the same type of thing almost all of them believe openly	78
79	in the occult in one way or the other most are into Satanism. Now how many young people and	79
80	Christians remember from Billy Jack 'One Tin Soldier?' The song a few of you (the group you heard	80
81	on the radio) (was) called original cast? they always say it was done by the original cast, the name of	81
82	the group. That was the original cast is hoves? Was lead by Tom wocklins? Daughter. Tom wockling	82
83	played Billy Jack? His wife his son David the producer and both his daughters are into Satanism. In	83
84	fact they produced the only eight track albums in a complete Satanist set by set ceremony done by	84
85	(the) coven? and that's the group who did 'One Tin Soldier' and I've seen all of the movies that have	85
86	come out accept the new ones that's coming out and everyone of the Billy Jacks movies are	86
87	antichristian pro occult. The trail of Billy Jack dealt with demons and had more ceremonies of	87
88	witchcraft and Satanists in it than it had anything about the trial of Billy jack and it was constant	88
89	step by step ceremonies it was reincarnation familiar spirits entered his body in the first Billy jack	89
90	and soaked? Through it if you remember over and over it came through now that's one group.	90

91	Rolling Stones (Mick Jagger) over and over on TV. I don't know where are Christian	91
92	were when it was going on. thats when he was in jail before the 'Stones' was ever formed. He sold	92
93	his soul to the devil, (that's impossible) but he did it. He sold his soul to the devil to become the	93
94	leading rock group in the nation plus get out of prison. It is the leading rock group in the nation and	94
95	in the world. He has wrote songs praising the devil and I know the devil gave it to him because the	95
96	devil always thinks on himself and in one song that Jagger wrote he says 'It's not that I fool you, how	96
97	I am everybody knows it, the devil, it's the nature of my game that's confusing you. This is the way it	97
98	is with satan. You see we've got a little set of rules that satans su pose to obey but he don't obey it.	98
99	It's like the illuminati they own countries they don't pick sides. In a way they cause the war and set	99
100	both countries against each other even though both countries belong to them they don't have sides	100
101	they have a purpose satan has every religion accept that which is under the blood of Jesus. That's	101
102	where the confusion of the game is.* We try to rationalise things good or bad and we can't do that.	102
103	We rationalise things Jesus or the devil that's where you draw the line, but jagger over and over?	103
104	and that goes with rock music goes. With rock music don't try to rationalise it good or bad. Now I	104
105	want to give you an incident that will sum it up. I did meet most of them (that) were in the occult	105
106	itself. Most of them were on drugs. Now I want to say something real quick here. How many of you	106
107	remember a group called bloodstones or blood rock doa? The song doa? They did this song while	107
108	they were on acid they got the words. ? (I was) taking to the guy he said a demon.. well he didn't	108
109	call it a demon he called it a 'Spirit of this girl' that he knew that had died of a car accident. It was a	109
110	demon impersonating the girl (that) appeared to him and gave him during this acid trip the notes,	110
111	the words and everything they thought it (through)? with a copyright lawyer the day after the	111
112	copyright lawyer filed it. Another group came in that was well known at that time and filed the same	112
113	song note for note word for word and when I was in the occult I thought it was interesting to write it	113
114	up because. I wrote for an occult newspaper and I put the story in the paper they got it the same	114
115	way on acid trip the same night from a demon imitating a spirit of somebody they had known that	115
116	had died. Most Rock Muscians get their music while on drugs or from 'Spirit Guides' which are	116
117	demons that is why young people are buying and paying for.. Now ill give you something	117
118	supernatural you can file away. If you don't want to receive it or take it him?? and get in but the	118
119	word to see if it is possible when witches write a book they cast a spell over the book so it would sell	119
120	and they order a demon to go into ever copy that comes out off the press. So when you own a book	120
121	on wicraft you have demon residing in your book free of charge. The musicians who do the music	121
122	that are in witchcraft do the same things to the record albums. The same thing, so when you see	122
123	that friendly little album sitting on your? ask yourself 'Was the musician a witch, did he cast a spell	123
124	over the albums, would the devil have a impact in my home, because I owned the record there's	124
125	more to it than records and books and this morning. I meant to get this in because it fits the text	125
126	'your warfare is not physical its spiritual' and every Christian should memorise Ephesians 6-12 and	126
127	stand on it. Let's be on what you see with ? look and know that the devil has got thousands and	127
128	thousands of years of experience and unless we think with the mind of Christ he is going (to walk) all	128
129	over us. That why you stay under the blood. A young man came up and asked me today 'Can a witch	129
130	cast a spell on a Christian? He can cast it on any Christian that's not living the life. If you want a thin	130
131	straddle your a wide open target for any witch in the world. If you want to stay under the blood you	131
132	want to walk the life and be within the word and the 'Spirit of God' and wear the full armour of God	132
133	then your going to be fine, but I think all of us knows what it means when we come to church and sit	133
134	in the service and then go out and like the devil all week long. And think your immune to anything of	134
135	the devil if you're going to live in his territory he's going to live in yours and that's includes the rock	135

136	music .That's a little long on that question but I cannot miss the rock music. The main reason the	136
137	young people go into witchcraft today is through the music. As I told people, rock music didn't come	137
138	out with Elvis Presley, it's thousands of years old. If you take it away witches can't do witchcraft they	138
139	can't function without the music, it's a third of their power. You think about it? Many modern	139
140	churches know who their source of power is anyway, (surely having a dig at the Charismatic	140
141	Charlatans Q ASKED. Something about a chart. This morning I had mentioned that I had seen and	141
142	when I had seen, (the chart) and when I saw the saw the chart it was Aug 1972, for those who want	142
143	to write it down, and I was saved on labour day, just shortly before. It was one of the main reason	143
144	got saved. I wanted out after I saw the chart. The chart was a complete timetable that gave the	144
145	illuminati complete world control minus China, (which I want to stress?) That's minus China, in eight	145
146	years. The reason minus china..? They planned on taken China completely out, to un rule the Triad ?	146
147	They plan on wiping in out and so I'll let that settle with you for minute and it gave them complete	147
148	world control and religious control in eight years... and the question was. What did the energy crises	148
149	and what did Jimmy Carter have to do with it? Ok I'm going to ask a question before I answer that	149
150	how many here honestly believe (if you don't believe now this counts if you are, voting in the	150
151	election) if Jimmy Carter is a christian president or is a christian period. I mean any time during any	151
152	time he was running (for) that candidate from now. If any time you thought he was a Christian?	152
153	Maybe (you) voted for him ?..See we have some intelligent people here...but it's simple. The reason	153
154	that I got saved was because of Jimmy Carter. You don't...you don't sit at a table remembering the	154
155	bible you were taught as a young person and have and have people come in with a letter from the	155
156	Rothschild's signed with their crest saying we have a man and make him, (that will be the world	156
157	ruler) and stay a witch... and the name was Jimmy Carter. I want you to start looking and of course	157
158	you've got too accept (not what you see on the television news today). I recommended Christians	158
159	last year to buy a shortwave receiver, news broadcast throughout the world. You'll find out in thrity	159
160	days you've missed two thirds of what really happened but you also find out the Lords really close	160
161	for listening to it for about a month...The energy crises is going to be the reason for the war, for the	161
162	third World War. It is their main objective. They believe through the energy crises they will gain	162
163	control of the world. That's what they have been waiting on and if you believe there's an energy	163
164	crises then you are done with....? Some of the witches that are still with you. Q: SOMETHING ABOUT	164
165	SCIENTOLOGY. The Church of Scientology was formed by a witchcraft Coven in California originally.	165
166	Its leader came from England. Press orders of the Rothschild's? There are a few religions we can't	166
167	prove physically belong to the organisation but we but we have seen funding go their way. Now as I	167
168	have done quite a bit of investigation since I was saved, because of the facts I heard when I was in	168
169	witchcraft,... (don't just look at obscene religions like Scientology, Jehovah Witnesses and	169
170	Mormonism), look at even big Christian Churches and bible believing denominations. There was a	170
171	couple of folk Jesus people garbage churches that began a few years ago in L A coast ? and so on.	171
172	They had a few hundred kids all of a sudden the Pastor moved in to a half a million dollar home and	172
173	the churches are taking their offerings out in armoured cars now where did they get the funds to buy	173
174	a two million dollar building over night? They were preaching gospel now they are preaching trash.	174
175	One of them is responsible for the so called 'Jesus rock' that has ruined half of the good young	175
176	Christian people today. Now I never speak against things out,(lowd). I went down to the place and I	176
177	saw something that bordered witchcraft on their open concert night at Calvary Chapel on Saturday	177
178	night. There were people shoving and beating on each other just to get a seat in that place. They	178
179	turned hundreds away. Nothing was mentioned about Jesus and a homosexual was leading the	179
180	service. And you had to be blind not to see it and it was a total acid rock type concert in the name of	180

181	Jesus. Now that's the same group that puts out all your love songs albums and all this stuff that	181
182	people look at and people listen too. So I try to warn as I go along people think we have found out	182
183	it's like Paul said if you .. don't eat it and if you want to...? but what I'm saying is do you think your	183
184	walk will get a little stronger if you want to keep on listening to stuff? And Christians see how strong	184
185	they are in the Lord and how they are walking with him by the type of music they are listening too	185
186	and I'm this way. I find something in my life that I dont want to give up I'll usually go give it up	186
187	because it's that simple when you don't want to give something up the devil usually trying to get you	187
188	it hang on to it. Q asked about somebody Roberts..Roberts if you check into it (he) used to. This is a	188
189	fact you can find in a book before he ever considered laying hands on the sick that they would	189
190	recover, a medium told him he could do it and he used to attend her séances regular. What he is	190
191	now I can't say. I only know the fact of what he was I was once a witch, so he could be a Christian... I	191
192	don't know I have no idea. I know that he'd gotten out of more of the Pentecostal Charismatic and	192
193	become more scripturally based on the bible now, than on healing , that he used to 'bean dive?' I've	193
194	known many misters that were once witchcraft ministers under guise of Christians that had just	194
195	changed mid river and become Christians but rather than ruing their ministry they've never told	195
196	anybody (about it) and there are a few that I know that used to be on the payroll of the illuminati	196
197	that are now Christians. So I don't know. Q asked can a demon possess a Christian...? No but can a	197
198	demon influence a Christian? Yes I was saved born again two weeks and trying desperately to make	198
199	it before the other ministers in the Baptist church I was at decided I was never going to make it	199
200	unless they got what I had invited into me in witchcraft out of me because it was still there. It had	200
201	lost control before I couldn't do anything. It didn't want me to do but from the time I had accepted	201
202	Jesus that broke the control but it had influence in my life still that had to go and for those that have	202
203	been on drugs and those that have been in the occult and there have been a few they have told me	203
204	so ...they'll bear witness this is what I was talking about earlier. 'Withdrawal'. A lot of it meant when	204
205	I went through the occult withdrawal which is worse than drugs withdrawal (which is tremendously	205
206	worse) a person that has come out of witchcraft that has been in Astrology and Demon Worship	206
207	particular can be one minute sat there really talking about the Lord quoting scripture and the next	207
208	minute knocking anybody down between you and the door. I've seen them crawl up the wall with	208
209	their fingers trying to crawl out of the room they were in going through withdrawal just to get out	209
210	because the force on the other side was calling them back to them.* Yeah the witches this is what	210
211	they do first, then if they can't get you back they try and kill you supernaturally. That don't work on	211
212	the Christians so they try...It's really funny most witches have trying to give up the aspect of trying to	212
213	kill me supernaturally shortly after I was saved. This is how they tried. First I went to Minneapolis	213
214	and they hadn't got the message evidently, so they tried casting spells which didn't work at all but	214
215	you can still feel them in the air and then when they found out that didn't work after a week then	215
216	they took the boat? but they hadn't got the message yet but they are slowly learning they can't cast	216
217	on a Christian, if the Christian is sold out (for the Lord Jesus). I'm sure that a few people that know	217
218	that those who have Jesus as saviour and theirs those that have Jesus as Lord. Yes my wife was	218
219	saved in a meeting a few years after I was saved he title was 'lady Deana'. That was her witch name	219
220	she was the State High Priestess. She ruled she ruled everything in the State of Ohio that was in	220
221	witchcraft. She was also the 'Witch Queen' of one of the denominational brotherhoods 'The	221
222	Watcher'. On a scale of this country of one to twenty five she was probably the tenth most powerful	222
223	witch in the United States. Up until my salvation and she had close to 50 000 dollars on her head	223
224	because she'd come out. Not because she married me but because she got saved and we took her	224
225	into a rehabilitation ministry and later we started dated and were married and so on but she does a	225

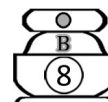

226	fine ministry right now she just about to deliver a baby she thinks she might even have it today so	226
227	she not exactly ministering right .Q asked is Human Sacrifice practiced in witchcraft. Now I have to	227
228	be careful since a police officer is present here without incriminating myself or something but...	228
229	'The Broken Cross' was written by myself and Jack Chick when it was reproduced the guy who as	229
230	doing the wording in the book, (you know writing our story form out) he changed a few words to	230
231	stronger change the words 'Witcraft' to 'Satanism' in a couple of places and he changed the word	231
232	lucifer to satan that messed up the book we didn't catch it until just recently all these years I've been	232
233	reading it. Ive been kind of skipping over...but a witch doesn't believe in satan.(When a witch reads	233
234	it, it blows the whole thing because it wasn't written on Satanism it was written on Witchcraft. So	234
235	the next printing coming out they are changing the way the words are supposed to be. Satanism is a	235
236	form of sacrifice in the form of some groups. Witches practice it more. To the everyday witch that's	236
237	a lie. I'm telling you there a couple of witches here in the congregation here that I know but there's a	237
238	few here also that are in the human sacrifice and they know I'm not lying and when you get up into a	238
239	higher level fourth, fifth or sixth, you'll find out that the power rests with blood sacrifice. You	239
240	become what we call a 'human chalice' in other words you are proven to satan through the blood	240
241	and the death of this person that you are sold totally out to him although they don't believe in satan,	241
242	(they proven to in Lucifer)..The thing that always puzzled me was if we were worshipping the god of	242
243	love peace and joy why were we killing somebody for worship? It was one of the things I never	243
244	understood...But this is the thing that goes on one of the books. Most interesting that proves it. I'm	244
245	saying this for witches that are present not the Christians, leave them alone. Is the Alistair Crawly	245
246	library where he was involved in human sacrifice and he was a master magician and witch or wizard	246
247	whatever term they want to use. So it does go on and in fact to become a sixth level witch you must	247
248	perform it. Just like when they tell this is for the women not the men when they tell the young girls	248
249	getting into witchcraft that homosexuality has nothing to do with witchcraft in order to become a	249
250	high priest the girl must be bi-sexual. She must perform a bi-sexual act. You see every level you go	250
251	too they tell you a different story and they tell you the people below aren't ready to receive it yet	251
252	and so every step you go up the ladder everything you've been told before is a lie, and all of a	252
253	sudden the only type of witches that are ignorant, they are a couple that are inferior today... are the	253
254	self proclaimed witches the ones that are practicing outside the organisation on their own. They	254
255	think they know it all. They'll find out one of these days when an enforcer come from the	255
256	organisation and tells them you either join or you die then they'll find out it's not a game anymore.	256
257	It's just like the mafia you don't function without it?...Q asked something about the origins of	257
258	witchcraft...Oh I think it started in the garden since the main lie of witchcraft is god self and that's	258
259	and that's the lie lucifer gave Adam and Eve in the garden. We can find it starting before the flood	259
260	and going on through and of course we had Neman? Who hunted the souls of man who sacrificed	260
261	babies...I'm going to say one thing since you brought that up Astrology comes from Babylon. The	261
262	high priests of Babylon were called the Chaldeans? And they invented Astrology. It is the	262
263	cornerstone of witchcraft and spell casting. If you take astrology away witches can't cast spells and	263
264	the 18 th Chapter of Deuteronomy lists the death sentence that the Jews used to have on them for	264
265	doing things and following the stars is one so when somebody comes up and says what sign are	265
266	you? Say 'The Sign of The Cross' and I'm going to tell you something in witchcraft. They have a belief	266
267	that says you are what you are when you are born you can never change. There is no miracle	267
268	salvation in their doctrine I was a Taros and I had all the personality of a Taros until I was saved I	268
269	have none of that personality now. You do change through the blood if you want to believe that you	269
270	are born a certain way and are a certain personality fine. Take the blood of Jesus Christ and find out	270

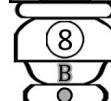

271	if you walk with the bible you'll all have one personality that is Jesus and his wasn't any particular	271
272	sign so I get Christians come up all the time and want me to give them permission saying "Yeah	272
273	Astrology is alright don't worry about it." And I'll have the Masons ask me and I'll say 'No', they'll ask	273
274	me again I'll say 'No' and they keep on asking me and I'm still saying 'No' and they go through it	274
275	about eight times and I guess they'll think they'll break me down eventually. The answers (is still	275
276	'No'). No Astrology belongs to the devil. God doesn't use the Stars. They say what about the wise	276
277	men? The wise men weren't Astrologers they were Astronomers. A new Star appeared, not a new	277
278	fortune of the stars but if you take the times and the seasons and astrology away from a witch they	278
279	cant cast spells because spells are based upon astrology so if you want to read Jean Dixon or Louise	279
280	?? in the newspaper that's your choice you're the one who's going to face our Lord for it. Q asked	280
281	something about the occult teaching on health. They teach good health. They teach herbs they teach	281
282	vitamins and food but they don't obey it. It's just like witches teach they are Pagans. That's the word	282
283	for the witchcraft religion. You're a Pagan. Meaning you should be a 'country folk' and many witches	283
284	have tried to moved to the country and thirty days later they are crying and moving back to the city	284
285	they can't stand the country. They can't function without people around them. They have a lot of	285
286	doctrines but they can't keep them and the health food is one of the doctrines. It's the devil trying	286
287	to counterfeit something out of the word of God that he can't keep. That's it. I remember I always	287
288	tried to do this and do that, and (be) healthy how? I weighed 149 pds doing a 150 dollars worth of	288
289	main line? (drugs) Shooting speed (twice) a day? How (was that) healthy. They can't keep it because	289
290	the drugs and the excitement of the city spoils it. They got to have it, to draw power and energy.	290
291	They have to be where more demon possessed people are because it's like a dynamo of power.	291
292	Without getting into the blood message here is the quickest explanation I can know. I know that	292
293	when I first got saved I wouldn't touch the health food thing because I heard about it on the occult	293
294	untill I started realised we didn't practice it in the occult. We were just trying to counterfit. So I'm	294
295	very much into it. The only problem is a lot of the good things I have to get come from the Mormon	295
296	church so and, (referring to someone in the crowd) is that's why you mentioned are they Mormon?	296
297	But its again a counterfeit the Mormon try to counterfeiter a good Christian home life they don't	297
298	accomplish it very well but they try to do it so if we do everything else, (contra too) that the devil	298
299	try's to counterfeit we'd never have anything. The higher up its one of the things I can't find out for	299
300	sure where they get their money from. Q asked...Something about a new occult practice. It's a form	300
301	of fortune telling I know the leader of the occult in the United States Gavin Frost* reads your finger	301
302	nails. I asked him one time when he was in the occult I said Gavin there is no occult teaching on	302
303	finger nails he said John you know, right that's lance, (jonnies occult name)...when you lay the cards	303
304	down and this is my way of answering . When they lay a fortune card down they don't read the card	304
305	they read pictures and messages that come to them that's why its individual. It's not how the cards	305
306	fall the cards are just a prop in the play. They still get physic messages it's a a form of physic reading	306
307	that that they are still going to give you the definition. He says I can touch the fingernail because	307
308	people accept something physical before they accept something supernatural. It's just like witchcraft	308
309	has grow so much recently because now all of a sudden it Telekinesis and ESP, and Clinical Para	309
310	Psychology names for the devils power. So it's more acceptable now it's still the same thing. Q How	310
311	can you detect a witch?* ..Supernaturally or physically? When I'll tell you this the witch will detect	311
312	you if you are a Christian before you'll detect them...but Jewellery wise usually the five pointed star	312
313	in a circle or the six pointed start or the cross with the serpent entwined about it if you see one	313
314	those get away from it. That's their little suicide ones. That's the one Manson belongs to the	314
315	process...The goat head. Triangles that's one of the reason I had one in the back room but we didn't	315

316	get set up in time. It's jewellery. In certain areas, it depends upon the leader, they make the females	316
317	dress in certain sensual ways but out here they don't... Make up on the eyes particularly in a female.	317
318	When we get a witch saved out of witchcraft they can't touch make up for almost three months	318
319	because they are taught to use make up for witchcraft. Which is what it was invented for, and they	319
320	can't touch it for three months because the spirit that came out of them tried to get back into them	320
321	through the makeup. We lost many people through it. Later if they grow strong in the Lord they can	321
322	use a little make up but they never go back to how they were taught to use it in witchcraft.	322
323	Supernaturally you can detect it through the eyes.* Many people after being around witches for a	323
324	while start to see the difference between witches eyes and everybody else's eyes it's just simply the	324
325	demons that were in them. Q asked about the Attorney General...The Attorney General we have	325
326	now was before Carter, (Jimmy) appointed him and by the way also in charge of Carters campaign.	326
327	The man who formed the 'National Lobby for Gun Control'. He has sent over five million dollars of	327
328	his own finance to ban guns in the country. Now we are told two things on the Gun Control, (Act),	328
329	then I will tell you what the new Gun Control Act is, that's been written... We've just got our eyes	329
330	onto it. The gun control lobbyist say (and I quote) 'We only want to ban hand guns'. Well they've	330
331	proved that's a lie when they just tried to ban all guns and gave the National Guard the right to go in	331
332	and confiscate them and ..Yeah Massechutes and that was defeated and the other was 'law abiding	332
333	citizen can own it right now'. You can own a gun in Frisco,(San Francisco) if you get permission right?	333
334	But there not given permission to anybody. Now the new Gun Control Act, and the reason I'm on	334
335	this about guns is there timetable will never accept, never work if individuals are allowed to buy	335
336	guns. This is one of their main objects to get rid of, (guns). You'll note in England it's the prime	336
337	example of it and that was the Rothschild's doing. The Gun Control Act is you are only allowed to	337
338	own a single shot or double barrelled shot gun something that cant contain more than two shell at a	338
339	time. Shot guns only and all ammunition and all guns must be stored at the police station or	339
340	ammunition dump and must be picked up at dawn and all firearms must be returned and be	340
341	counted so that you won't be holding any ammunition back. That's Carters new Gun Act. He expects	341
342	to have it a law within two years. The timetable says, 'expect to lose your gun in six to nine months'.	342
343	In California I have a Christian friend who is a special investigator, that I just talked to recently, (He	343
344	was) on the phone two days ago for the Attorney General's office in California. Brown called secretly	344
345	last week. A special secret Grand Jury to consider total gun ban and confiscation in California.	345
346	Meaning they can come to your how without a search warrant and confiscate any guns if you're on	346
347	record for it. He expected to have it passed he expects to call a Grand Jury. Every one of the people	347
348	on it except the special investigator that was digging up information. He said every time they	348
349	brought in an information program they threw it out. They would even bring it to the Grand Jury,	349
350	and the Grand Jury said 'Yeah we got a lot of bad stuff here they are going to take us to the legislator	350
351	in six to nine months...Some more minor questions asked which are inaudible...have you ever heard	351
352	of the Aquarium Bible? I owned an occult store. My wife owned an occult store. In fact my wife	352
353	when she was saved owned the biggest occult store in the United States. The Witches Coven... It	353
354	sold it. The bible supposable containing the mystery concerning the first twelve years of Christ life	354
355	and that he was not the son of god but he was part of Egypt and Indian practices of witchcraft,	355
356	including raising himself from the dead. The Aquarium Gospel... That he was a master witch. The	356
357	next (thing) is, I said that the Mormons aren't Christians. Christian means 'follower of Christ', (Jesus)	357
358	said He is the only way and you must be born again. Mormons do not believe in the 'born again	358
359	experience'. No they do not have, (one) I've been (to) a Mormon. I have talked to dozens of	359
360	Mormons they do not they do not believe in a born again (experience)...their bible is completely	360

361 contrary to their bible. I'm not going to sit here and debate Mormonism, but they do not believe in a
 362 born again experience not the way that the bible foretells the born again experience through
 363 repentance and through the blood of Jesus Christ. They don't believe in a second coming. They don't
 364 believe in a lot of things it contains, ...They (just) don't I'm not going argue. I've talked with their
 365 pastors. I know. I've talked to the Masons, their elder. I've talked with the...I quote pastor, (the
 366 pastor of the congregation that night) for the other peoples benefit in charge of the temple in
 367 Masa? And that is, if you know anything about it one of their largest, (temples) and this is stuff that
 368 he asked me that (he) wanted to know...I told him what we believe and I asked him what he believed
 369 and it didn't match up. What they said that (they) to try make it sound that way but then I quoted
 370 direct scriptures and said do you believe it this way? and they said 'No'. Someone interrupts asking
 371 about the churches postal address then after that somebody about Christian sciences...You've never
 372 been to the Spiritualist Church of American, Christian spiritualism have you ? They lay hands on,
 373 (people), they are subtle witches. Q asked about Kennedy..President Kennedy was a member of
 374 witchcraft but I can't get into it today but we have got the documentation three months before he
 375 was killed and the reason he was killed was because he was converted to Christ...Q FINAL question
 376 asked about his wife's conversion to witchcraft.. she had a teacher of
 377 history..end.
